PROFESSIONAL SUMMARY

UX Designer with 3+ years of experience designing **consumer-focused mobile and web experiences** across **content engagement, monetization**, and scalable digital platforms. Skilled in **UX/UI design, interaction design, usability testing**, prototyping, and translating customer motivations into intuitive product experiences improving engagement, trust, accessibility, and conversion performance. Experienced collaborating with product managers, engineers, researchers, and cross-functional stakeholders to drive **end-to-end product design workflows** from discovery through implementation within agile environments. Strong expertise in **Figma, mobile prototyping, design systems**, monetization experiences, customer journey optimization, **qualitative and quantitative research**, AI-assisted design workflows, and scalable interaction systems supporting creator and viewer experiences.

SKILLS

- **UX Design & Product Strategy:** UX strategy, interaction design, user-centered design, customer-focused experiences, monetization workflows
- **Consumer Product Design:** Consumer software products, content engagement systems, creator experiences, viewer interaction workflows
- **Wireframing & Prototyping:** Wireframes, prototypes, mobile prototyping, responsive interfaces, scalable interaction systems
- **Figma & Design Systems:** Figma, design systems, reusable components, scalable UI systems, interaction consistency
- **User Research & Testing:** Qualitative research, quantitative insights, usability testing, customer interviews, UX validation
- **Monetization & E-Commerce:** Monetization systems, engagement optimization, conversion-focused experiences, creator-focused workflows
- **Mobile & Web Experiences:** Mobile applications, desktop experiences, responsive platforms, customer journey optimization
- **Interaction & Visual Design:** Visual craft, interaction systems, accessibility awareness, immersive digital experiences, UI refinement
- **Cross-Functional Collaboration:** Product collaboration, engineering coordination, stakeholder communication, agile workflows
- **Product Discovery & Iteration:** Product discovery, design reviews, feature refinement, experimentation workflows, iterative improvements
- **Presentation & Communication:** Design storytelling, stakeholder presentations, executive communication, collaborative feedback sessions
- **Workflow & Project Management:** Agile environments, workflow optimization, scalable execution systems, rapid iteration cycles
- **AI-Assisted Design Workflows:** AI-assisted workflows, rapid prototyping, scalable optimization, design efficiency improvements
- **Problem Solving & Innovation:** Strategic thinking, customer empathy, scalable product systems, engagement-focused solutions

EXPERIENCE

CX by Design | *UX Designer* | New York, NY

Sept 2025 – Dec 2025

- Designed consumer-focused mobile and web experiences improving engagement, usability, accessibility, and interaction quality across digital platforms.
- Built high-fidelity Figma prototypes, scalable interaction systems, and responsive product workflows supporting polished customer-facing experiences.
- Conducted qualitative research, quantitative analysis, customer journey evaluations, and usability testing identifying opportunities for stronger engagement and monetization optimization.
- Collaborated with product managers, engineers, researchers, and stakeholders aligning design decisions with customer trust and business goals.
- Presented design concepts, scalable UX solutions, and feature recommendations during iterative design reviews and collaborative feedback sessions.
- Contributed AI-assisted workflows, reusable design systems, rapid prototyping initiatives, and scalable UX systems improving implementation consistency.

MyRentalSpot | *UX/UI Product Design Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Developed responsive web and mobile product experiences improving onboarding efficiency, interaction consistency, and customer engagement across platforms.
- Built high-fidelity Figma prototypes, mobile-first interfaces, scalable interaction systems, and customer-focused workflows validating experiences before launch.
- Conducted usability evaluations, customer feedback analysis, and UX refinements improving accessibility, responsiveness, and engagement quality.
- Collaborated with developers, product teams, and stakeholders delivering production-ready design systems and scalable implementation workflows.
- Supported rapid iteration cycles, usability testing, experimentation workflows, feature refinement, and UX improvements enhancing deployment quality.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops and ideation sessions supporting innovative customer-focused digital experiences and scalable interaction systems.
- Developed workflow analyses, responsive interface concepts, and communication assets translating user needs into functional product solutions.
- Collaborated with cross-functional teams aligning customer journeys, usability goals, and engagement-focused design initiatives.

Lighthouse Info System Pvt. Ltd | *Associate UX Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed responsive dashboards, scalable web systems, and customer-centered digital experiences improving usability and communication quality.
- Conducted stakeholder discussions, usability evaluations, workflow analyses, and iterative design reviews identifying opportunities for stronger functionality and UX optimization.
- Built reusable layouts, scalable UI systems, wireframes, prototype-ready assets, and interaction workflows supporting consistency across product development cycles.
- Created technical documentation, design guidelines, and QA systems reducing inconsistencies across implementation workflows and digital operations.
- Collaborated with engineering teams refining interaction systems, accessibility workflows, and scalable customer-focused experiences.

Phoenixzone Technologies Pvt. Ltd | *Junior UX Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive software experiences and scalable UX systems improving engagement, usability, and interaction performance.
- Created wireframes, prototypes, scalable UI components, mobile-first layouts, and interaction systems supporting rapid deployment workflows.
- Partnered directly with developers and stakeholders translating user requirements into scalable frontend systems and customer-focused solutions.
- Leveraged AI-assisted workflows accelerating usability validation, feature refinement, engagement optimization, and scalable UX improvements.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Raison College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)

Copyright: Earthquake Prediction using Quantum Support Vector Machines (QSVM) - January 2024
