PROFESSIONAL SUMMARY

Web Designer and **UI/UX Designer** with 2+ years of experience creating **responsive ecommerce experiences**, **conversion-focused digital storefronts**, and scalable design systems across D2C, beauty-inspired, and technology-focused environments. Skilled at designing and prototyping **high-performance landing pages**, **product detail pages**, and mobile-first digital experiences optimized for conversion, engagement, and responsive usability. Strong background in **Figma**, **Framer**, **Shopify** familiarity, **HTML**, **CSS**, **JavaScript**, **AI-assisted design workflows**, conversion optimization, responsive UI systems, and **developer-ready implementation workflows**. Experienced collaborating closely with creative directors, ecommerce teams, marketers, developers, and cross-functional stakeholders to deliver polished ecommerce experiences, scalable web systems, and measurable digital performance outcomes.

SKILLS

- **Ecommerce Web Design:** Ecommerce storefronts, product detail pages, PDP optimization, collection pages, cart flows, checkout experiences, mobile-first ecommerce UX
- **Responsive Web Development:** HTML, CSS, JavaScript, implementation workflows, cross-browser compatibility, Core Web Vitals awareness
- **Shopify & Ecommerce Platforms:** Shopify familiarity, Liquid familiarity, ecommerce workflows, product merchandising, campaign landing pages
- **AI-Assisted Design & Coding:** Claude, Cursor, ChatGPT, Figma AI, AI-assisted prototyping, AI-generated component workflows, rapid iteration
- **UI/UX & Conversion Optimization:** Conversion-focused design, responsive UI systems, CTA optimization, user flows, accessibility-focused UX
- **Design Systems & Scalability:** Scalable UI systems, reusable components, design consistency, tokenized workflows, developer-ready systems
- **Figma & Prototyping:** Figma, Framer, wireframing, interactive prototypes, annotated handoffs, scalable component libraries
- **Analytics & Experimentation:** GA4 familiarity, Hotjar familiarity, A/B testing, heatmap analysis, recordings, performance-informed optimization
- **Visual & Brand Design:** Typography systems, visual hierarchy, branded digital experiences, campaign design, immersive storytelling
- **Motion & Interactive Design:** Motion graphics, Lottie, animated interfaces, CSS animation familiarity, lightweight motion systems
- **Email & CRM Design:** Email templates, CRM visuals, campaign assets, promotional design systems, digital marketing support, Klaviyo familiarity
- **Collaboration & Production:** Cross-functional collaboration, ecommerce coordination, production workflows, implementation QA, deadline-driven execution
- **Accessibility & UX Standards:** WCAG fundamentals, responsive usability, mobile-first design, accessibility-focused interaction systems
- **AI Image & Asset Workflows:** Midjourney familiarity, AI-enhanced asset generation, image optimization workflows, digital asset production
- **Performance Optimization:** Site speed awareness, conversion optimization, mobile-first browsing, responsive performance workflows
- **Digital Campaign Experiences:** Product launches, seasonal campaigns, promotional experiences, ecommerce storytelling, paid media support

EXPERIENCE

CX by Design | Web Designer Intern | New York, NY

Sept 2025 – Dec 2025

- Designed and launched 5+ responsive ecommerce experiences, landing pages, and scalable digital systems improving engagement and usability.
- Created conversion-focused layouts, product storytelling experiences, collection page concepts, and mobile-first interfaces optimized for customer interaction and responsive browsing.
- Built reusable Figma systems, developer-ready UI assets, and scalable workflows supporting rapid implementation and production consistency.
- Used AI-assisted workflows including Claude, Cursor, ChatGPT, and Figma AI to accelerate prototyping, generate concepts, and refine layouts.
- Collaborated closely with developers, marketers, and stakeholders to improve implementation quality, consistency, and UX decisions.
- Supported QA reviews, responsive testing workflows, and usability refinements ensuring polished digital experiences across devices and browsers.
- Contributed to scalable design systems and reusable visual components supporting consistent branding across digital touchpoints and experiences.

MyRentalSpot | UI/UX Designer Intern | Orinda, CA

Aug 2025 – Sept 2025

- Designed responsive website experiences, interactive workflows, and high-fidelity prototypes improving usability and customer engagement.
- Built Framer prototypes validating responsive layouts, mobile-first interaction systems, and implementation-ready user flows.
- Collaborated with developers and stakeholders to refine accessibility-focused interfaces, navigation clarity, and scalable responsive experiences.

NYC Design Factory | Design and Innovation Volunteer | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops, rapid ideation sessions, and storytelling initiatives supporting audience-focused digital experiences.
- Developed presentation-ready visuals, branded communication systems, and scalable creative assets optimized for engagement and clarity.

Lighthouse Info System Pvt. Ltd | UI/UX Designer | Nagpur, India

June 2024 – Aug 2024

- Designed scalable dashboard interfaces, responsive web workflows, and branded digital systems optimized for usability and visual consistency.
- Created reusable design systems, implementation-ready UI assets, and scalable templates supporting production efficiency and developer collaboration.
- Collaborated cross-functionally with developers and stakeholders to improve interaction quality, front-end consistency, and implementation accuracy.

Phoenixzone Technologies Pvt. Ltd | Junior UI/UX Designer | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive marketing assets, landing page concepts, and motion-enhanced ecommerce experiences across web and digital platforms.
- Built high-fidelity visual concepts and scalable UI systems using Figma, Framer, Photoshop, Illustrator, HTML/CSS, After Effects, and Canva.
- Defined motion systems, typography treatments, and interactive behaviors improving engagement, visual hierarchy, and campaign presentation quality.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
