PROFESSIONAL SUMMARY

UI/UX Website Designer and Product Designer with 2+ years of experience creating **strategic web experiences**, responsive digital platforms, and scalable brand systems across agency, creative, and technology-focused environments. Skilled at translating client goals and business requirements into clean, user-centered, and **conversion-focused website experiences** optimized for usability, engagement, and visual consistency. Strong background in **Figma, Framer, Photoshop, Illustrator, InDesign**, responsive UI/UX design, **information architecture, typography**, design systems, and **developer-ready production workflows**. Experienced collaborating closely with developers, strategists, marketing teams, and cross-functional stakeholders to deliver polished digital experiences, scalable web systems, and measurable design outcomes across web, interactive, and mixed-media projects.

SKILLS

- **UI/UX Website Design:** Responsive web design, website redesigns, interactive experiences, conversion-focused interfaces, scalable UI systems
- **Strategy & Creative Thinking:** Strategic problem solving, client-centered design, creative ideation, concept development, audience-focused experiences
- **Information Architecture & UX:** User flows, information architecture, navigation systems, interaction workflows, usability optimization
- **Brand Systems & Visual Identity:** Brand consistency, scalable design systems, visual identity systems, typography, storytelling-focused design
- **Design Tools & Prototyping:** Figma, Framer, Photoshop, Illustrator, InDesign, Sketch familiarity, Edge Suite familiarity
- **Web & Frontend Familiarity:** HTML/CSS familiarity, responsive implementation workflows, developer collaboration, QA-focused production workflows
- **Creative Production & Execution:** Interactive design, mixed-media experiences, production-ready assets, deliverables, implementation support
- **Collaboration & Communication:** Cross-functional collaboration, stakeholder communication, presentation skills, feedback-driven iteration
- **Project Management & Workflow:** Multi-project management, deadline-driven execution, design process optimization, workflow organization
- **Typography & Visual Design:** Typography systems, visual hierarchy, layout refinement, clean interfaces, high-impact visual communication
- **Motion & Interactive Systems:** Motion graphics, micro-interactions, animated behaviors, interaction systems, immersive digital experiences
- **Research & Audience Understanding:** Audience analysis, contextual inquiry, usability validation, engagement-focused design decisions
- **Accessibility & Standards:** WCAG fundamentals, accessibility-focused design, responsive consistency, usability standards, visual QA
- **Agency & Client Experience:** Client-facing communication, campaign execution, collaborative workshops, presentation-ready design solutions
- **Interactive & Mixed Media Design:** Web and interactive media, mixed-media projects, digital storytelling, responsive campaign experiences
- **Design Strategy & Problem Solving:** Strategic design thinking, client challenge analysis, business outcome alignment, thoughtful UX solutions
- **Implementation & Launch QA:** Interactive QA, implementation reviews, launch support, development collaboration, production validation

EXPERIENCE

CX by Design | *UI/UX Designer Intern* | New York, NY

Sept 2025 – Dec 2025

- Designed and delivered 5+ strategic website experiences, digital systems, and scalable UI workflows improving usability and visual consistency.
- Created user-centered website concepts, responsive layouts, and conversion-focused experiences aligned with client goals and business outcomes.
- Built scalable Figma systems, reusable design assets, and developer-ready handoffs supporting efficient implementation and QA workflows.
- Defined typography systems, interaction behaviors, responsive UI patterns, and polished experiences improving engagement across digital platforms.
- Collaborated closely with developers, strategists, and stakeholders to iterate designs through feedback, usability validation, and implementation reviews.
- Managed design execution from concept through production ensuring responsive consistency, visual quality, and deadline-driven delivery.
- Presented strategic design concepts and visual solutions to stakeholders supporting alignment across design, development, and workflows.

MyRentalSpot | *UI/UX Designer Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Designed responsive website experiences, scalable interaction workflows, and high-fidelity prototypes improving usability and presentation quality.
- Built Framer prototypes validating navigation clarity, interaction consistency, and responsive implementation workflows across devices.
- Collaborated with developers and stakeholders to refine accessibility-focused layouts, information architecture, and customer-facing experiences.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops, design jams, and storytelling initiatives supporting strategic creative problem solving and rapid ideation.
- Developed presentation-ready visuals, branded communication systems, and audience-focused experiences optimized for engagement and clarity.

Lighthouse Info System Pvt. Ltd | *UI/UX Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed scalable dashboard experiences, branded interfaces, and responsive workflows optimized for usability, engagement, and visual consistency.
- Created reusable design systems, implementation-ready UI assets, and scalable templates supporting efficient production workflows.
- Collaborated cross-functionally with developers and stakeholders to improve interaction quality, front-end consistency, and implementation accuracy.

Phoenixzone Technologies Pvt. Ltd | *Junior UI/UX Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive web experiences, branded digital assets, and motion-enhanced interfaces across web and interactive platforms.
- Built high-fidelity visual concepts and scalable UI systems using Figma, Framer, Photoshop, Illustrator, InDesign, HTML/CSS familiarity, and Canva.
- Defined motion systems, typography treatments, and interaction behaviors improving engagement, visual hierarchy, and digital presentation quality.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Raisoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
