PROFESSIONAL SUMMARY

Production Artist with 4+ years of experience producing high-quality print and digital assets, branded graphics, **production-ready artwork**, and visual communications across advertising, marketing, and digital environments. Skilled in **Adobe InDesign, Adobe Illustrator, Adobe Photoshop, Adobe Acrobat, layout design**, image editing, logo creation, **pre-press production**, and transforming creative concepts into publication-ready deliverables that improve quality, consistency, and brand impact. Experienced collaborating with project managers, creative teams, stakeholders, and production artists to deliver accurate designs while meeting strict deadlines. Strong expertise in graphic quality control, **production specifications**, print workflows, PDF preparation, design documentation, and creative asset management.

SKILLS

- **Production Art & Design:** Production artwork, publication design, print production, digital production, creative execution, production workflows
- **Adobe InDesign & Layout:** Adobe InDesign, editorial layouts, page composition, publication design, typography, document formatting
- **Adobe Illustrator & Vector Design:** Adobe Illustrator, vector artwork, logo creation, large-format graphics, scalable illustrations, branding
- **Adobe Photoshop & Image Editing:** Adobe Photoshop, image editing, photo retouching, color correction, image enhancement, creative assets
- **Adobe Acrobat & PDF Production:** Adobe Acrobat, PDF manipulation, preflight checks, print-ready PDFs, document optimization, file preparation
- **Graphic Design & Branding:** Graphic design, branded assets, visual communication, layout design, brand consistency, creative concepts
- **Pre-Press & Quality Control:** Pre-press production, production specifications, graphic quality review, print standards, compliance, quality assurance
- **Print & Digital Media:** Print advertising, digital media, brochures, marketing materials, promotional graphics, campaign assets
- **Production Documentation:** Design specifications, production documentation, file organization, artwork preparation, implementation support, workflow management
- **Creative Collaboration:** Project managers, creative teams, stakeholder communication, client collaboration, feedback integration, teamwork
- **Project Management:** Deadline management, multitasking, task prioritization, workflow coordination, organization, project execution
- **Microsoft Office & Workflow:** Microsoft Office 365, communication, task management, documentation, reporting, collaboration
- **Creative Problem Solving:** Design thinking, analytical thinking, visual solutions, attention to detail, innovation, process improvement
- **Production Excellence:** Production-ready files, manufacturer specifications, publication accuracy, design consistency, implementation quality, asset management

EXPERIENCE

CX by Design | Graphic Designer *Intern* | New York, NY

Sept 2025 – Dec 2025

- Produced publication-ready graphics and branded assets improving visual quality, consistency, customer engagement, and campaign execution.
- Translated creative requirements, project specifications, and client objectives into accurate production-ready artwork and layouts.
- Created Adobe InDesign layouts, Illustrator graphics, Photoshop assets, and print-ready PDFs supporting successful publication workflows.
- Performed graphic quality reviews, layout refinements, image optimization, and pre-press validation improving production accuracy.
- Collaborated with project managers, designers, and stakeholders delivering high-quality assets while consistently meeting strict deadlines.
- Delivered organized production files, design specifications, and creative documentation supporting efficient implementation workflows.

MyRentalSpot | Graphic Designer *Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Developed branded graphics and production-ready marketing materials improving communication effectiveness, visual consistency, and engagement.
- Created layouts, promotional assets, logo concepts, and digital graphics supporting advertising and branding initiatives.
- Conducted artwork reviews, stakeholder feedback analysis, and production refinements improving publication quality and accuracy.
- Collaborated with project stakeholders delivering print-ready assets aligned with branding and production requirements.

NYC Design Factory | Design and Innovation Volunteer | New York, NY

Jan 2025 – Dec 2025

- Facilitated collaborative workshops and ideation sessions supporting innovative web experiences, digital solutions, and customer engagement.
- Developed website concepts, rapid prototypes, and responsive interfaces translating business ideas into actionable outcomes.

Lighthouse Info System Pvt. Ltd | Associate Graphic Designer | Nagpur, India

June 2024 – Aug 2024

- Designed production-ready graphics, dashboards, and branded materials improving communication quality and visual consistency.
- Conducted creative reviews, layout evaluations, production analyses, and quality assessments identifying optimization opportunities.
- Built reusable layouts, graphic systems, print assets, and production documentation supporting scalability and implementation quality.
- Created design standards, artwork specifications, QA documentation, and production guidelines improving creative workflow efficiency.

Phoenixzone Technologies Pvt. Ltd | Graphic Designer | Pune, India

Jan 2024 – June 2024

- Designed 20+ production-ready graphics and branded visual assets improving publication quality, engagement, and project performance.
- Created layouts, illustrations, marketing materials, logos, and print-ready artwork supporting rapid creative delivery.
- Partnered with project stakeholders translating creative requirements into accurate production assets and scalable visual solutions.
- Leveraged AI-assisted workflows accelerating design refinement, production preparation, implementation efficiency, and project execution.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

FEATURED PROJECTS

Claudit – AI-Powered Design Auditing Platform | (Ongoing)

- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
- Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
- Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.

Author | (Ongoing)

- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
- Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.
- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
