EXPERIENCE

CX by Design | *Graphic Designer Intern* | New York, NY

Sept 2025 – Dec 2025

- Created customer-focused graphics and branded visual assets improving customer satisfaction, engagement, production quality, and brand consistency.
- Translated customer ideas, project requirements, and creative concepts into production-ready artwork and vector graphics supporting successful implementation.
- Designed logos, illustrations, promotional materials, and marketing assets improving communication quality and customer experiences.
- Prepared production-ready artwork, optimized design files, and supported production workflows improving delivery accuracy and efficiency.
- Collaborated with customers, sales teams, and production stakeholders ensuring projects met expectations, deadlines, and quality standards.
- Delivered organized artwork files, production documentation, and creative assets supporting seamless sales-to-production execution.

MyRentalSpot | *Graphic Designer Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Developed branded graphics and promotional materials improving customer engagement, communication effectiveness, and visual consistency.
- Created vector artwork, logo concepts, production-ready layouts, and marketing assets supporting business growth initiatives.
- Conducted design reviews, incorporated customer feedback, and refined artwork improving quality, clarity, and production outcomes.
- Collaborated with stakeholders delivering production-ready creative assets aligned with project requirements and marketing priorities.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Dec 2025

- Facilitated collaborative workshops and ideation sessions supporting innovative web experiences, digital solutions, and customer engagement.
- Developed website concepts, rapid prototypes, and responsive interfaces translating business ideas into actionable outcomes.

Lighthouse Info System Pvt. Ltd | *Associate Graphic Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed graphics, branded assets, and customer-facing visual experiences improving communication quality and engagement.
- Conducted stakeholder discussions, creative evaluations, artwork reviews, and quality analyses identifying optimization opportunities.
- Built reusable graphic systems, production-ready artwork, marketing assets, and implementation documentation supporting consistency.
- Created style guides, artwork specifications, QA documentation, and production standards improving workflow efficiency and design quality.

Phoenixzone Technologies Pvt. Ltd | *Graphic Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ customer-focused graphics, branded assets, and promotional materials improving engagement, customer satisfaction, and visual performance.
- Created vector illustrations, logos, marketing graphics, production-ready artwork, and scalable visual systems supporting rapid project delivery.
- Partnered directly with customers and stakeholders translating business requirements into impactful visual solutions and production-ready assets.
- Leveraged AI-assisted workflows accelerating creative exploration, design iteration, artwork preparation, and project execution efficiency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Raisoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

FEATURED PROJECTS

Claudit – AI-Powered Design Auditing Platform | (Ongoing)

- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
- Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
- Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.

Author | (*Ongoing*)

- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
- Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.
- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
