EXPERIENCE

CX by Design | *Graphic Designer Intern* | New York, NY Sept 2025 – Dec 2025

- Created engaging graphics, branded assets, and visual designs improving customer engagement, brand visibility, and communication quality.
- Translated project requirements, client objectives, and creative concepts into production-ready artwork and visual design solutions.
- Designed illustrations, logos, layouts, marketing materials, and website graphics supporting successful brand campaigns.
- Applied typography, composition, color theory, and visual hierarchy improving readability, aesthetics, and audience engagement.
- Collaborated with stakeholders and clients refining creative concepts, artwork execution, design quality, and implementation priorities.
- Delivered production-ready design files, branding assets, and creative documentation supporting efficient project execution.

MyRentalSpot | *Graphic Designer Intern* | Orinda, CA Aug 2025 – Sept 2025

- Developed branded graphics and promotional materials improving customer engagement, communication effectiveness, and visual consistency.
- Built logo concepts, digital assets, print-ready layouts, and marketing collateral supporting business growth initiatives.
- Conducted creative reviews, stakeholder feedback analysis, and design refinements improving quality, clarity, and project outcomes.
- Collaborated with stakeholders delivering production-ready artwork aligned with branding standards and marketing objectives.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY Jan 2025 – Dec 2025

- Facilitated collaborative workshops and ideation sessions supporting innovative web experiences, digital solutions, and customer engagement.
- Developed website concepts, rapid prototypes, and responsive interfaces translating business ideas into actionable outcomes.

Lighthouse Info System Pvt. Ltd | *Associate Graphic Designer* | Nagpur, India June 2024 – Aug 2024

- Designed graphics, dashboards, branded visuals, and digital assets improving communication quality and customer engagement.
- Conducted stakeholder discussions, creative evaluations, design analyses, and visual reviews identifying optimization opportunities.
- Built reusable layouts, graphic systems, production-ready artwork, and marketing materials supporting consistency and scalability.
- Created style guides, design documentation, quality standards, and creative specifications improving production efficiency.

Phoenixzone Technologies Pvt. Ltd | *Graphic Designer* | Pune, India Jan 2024 – June 2024

- Designed 20+ graphics, illustrations, and customer-focused visual experiences improving engagement, visual performance, and satisfaction.
- Created logos, layouts, promotional materials, branded assets, and digital graphics supporting rapid project delivery.
- Partnered with stakeholders translating business requirements into compelling visual solutions and production-ready creative assets.
- Leveraged AI-assisted workflows accelerating creative exploration, design iteration, implementation efficiency, and project execution.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

FEATURED PROJECTS

Claudit – AI-Powered Design Auditing Platform | (*Ongoing*)

- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
- Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
- Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.

Author | (*Ongoing*)

- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
- Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.
- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
