PROFESSIONAL SUMMARY

Ecommerce Web Designer with 4+ years of experience designing **high-converting product pages**, landing pages, and user-centered digital experiences across ecommerce, enterprise, and AI-powered platforms. Skilled in UX/UI design, conversion-focused design, **Shopify**, **Figma**, **landing page optimization**, product page design, responsive web design, and transforming customer insights into visually compelling experiences that increase engagement, lead generation, and online conversions. Experienced collaborating with marketing teams, stakeholders, and cross-functional partners to create persuasive digital experiences, optimize user journeys, improve page performance, and deliver production-ready ecommerce assets. Strong expertise in visual hierarchy, typography, **copywriting**, A/B testing, conversion optimization, HTML, CSS, responsive interfaces, and digital marketing design.

SKILLS

- **Ecommerce Web Design:** Ecommerce websites, product pages, landing pages, Shopify, GemPages, responsive ecommerce
- **Conversion Optimization:** Conversion-focused design, conversion rate optimization, A/B testing, lead generation, CTA optimization, customer journeys
- **UX/UI Design:** User experience, user interface design, interaction design, responsive design, usability, information architecture
- **Landing Page Design:** Landing page optimization, marketing pages, promotional pages, product storytelling, page hierarchy, visual flow
- **Product Page Strategy:** Product merchandising, benefit-driven messaging, trust-building design, product presentation, purchase optimization, user engagement
- **Copywriting & Content:** Headlines, benefit-driven copy, calls-to-action, product messaging, conversion copywriting, marketing content
- **Shopify & No-Code Platforms:** Shopify, GemPages, Page Builders, ecommerce workflows, CMS management, store optimization
- **Responsive Web Design:** Mobile-first design, responsive layouts, cross-browser compatibility, adaptive interfaces, accessibility, performance optimization
- **Front-End Knowledge:** HTML5, CSS3, Liquid fundamentals, web customization, UI implementation, web standards
- **Creative Tools:** Figma, Framer, Adobe Photoshop, Adobe Illustrator, Adobe Creative Suite, FigJam
- **Email & Digital Marketing:** HubSpot, email campaigns, lead capture, CRM integration, marketing automation, campaign assets
- **Visual Design:** Typography, layout design, visual hierarchy, color theory, brand consistency, modern interfaces
- **Cross-Functional Collaboration:** Marketing teams, stakeholders, product collaboration, communication, agile workflows, independent execution
- **Analytics & Optimization:** User behavior analysis, page optimization, usability testing, performance analysis, iterative improvements, design validation

EXPERIENCE

- CX by Design | Ecommerce Web Designer Intern** | New York, NY **Sept 2025 – Dec 2025**
- Designed high-converting product pages, landing pages, and responsive web experiences improving engagement, lead generation, and customer conversions.
 - Created persuasive page layouts, benefit-driven messaging, user flows, and interactive prototypes strengthening purchase confidence and usability.
 - Improved UX/UI through conversion-focused design, visual hierarchy, typography, and mobile-first optimization increasing page effectiveness.
 - Conducted usability reviews, page performance analysis, and iterative design improvements enhancing customer journeys and conversion opportunities.
 - Collaborated with marketing teams and stakeholders delivering production-ready ecommerce assets aligned with campaign objectives.
 - Developed scalable page templates, design documentation, and consistent visual systems supporting rapid content deployment.
- MyRentalSpot | Web Designer Intern** | Orinda, CA **Aug 2025 – Sept 2025**
- Designed responsive landing pages and customer-focused interfaces improving usability, engagement, and digital marketing performance.
 - Created Figma mockups, wireframes, interactive prototypes, and scalable interface components supporting conversion-focused experiences.
 - Optimized navigation, content hierarchy, and interface consistency improving customer journeys and website usability.
 - Partnered with stakeholders delivering implementation-ready designs aligned with marketing and business goals.
- NYC Design Factory | Design and Innovation Volunteer** | New York, NY **Jan 2025 – Dec 2025**
- Facilitated collaborative workshops and ideation sessions supporting innovative web experiences, digital solutions, and customer engagement.
 - Developed website concepts, rapid prototypes, and responsive interfaces translating business ideas into actionable outcomes.
- Lighthouse Info System Pvt. Ltd | Associate Web Designer** | Nagpur, India **June 2024 – Aug 2024**
- Designed enterprise dashboards, responsive interfaces, and marketing experiences improving usability, engagement, and workflow efficiency.
 - Conducted UX evaluations, user behavior analysis, stakeholder reviews, and design refinements identifying optimization opportunities.
 - Built reusable UI systems, design documentation, and production-ready assets improving visual consistency and implementation quality.
 - Partnered with engineering and marketing teams supporting responsive implementation and digital experience optimization.
- Phoenixzone Technologies Pvt. Ltd | Ecommerce UX Designer** | Pune, India **Jan 2024 – June 2024**
- Designed 20+ responsive product pages, landing pages, and ecommerce experiences improving customer engagement, usability, and conversions.
 - Created high-fidelity mockups, interactive prototypes, marketing assets, and conversion-focused page layouts supporting rapid campaign delivery.
 - Collaborated with stakeholders translating business objectives into persuasive ecommerce experiences and optimized customer journeys.
 - Leveraged AI-assisted workflows accelerating page design, content iteration, usability improvements, and project execution.

EDUCATION

Pace University, New York | *MS in Human Centered Design*
G.H. Raison College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2024 – Dec 2025
Sept 2020 – June 2024

FEATURED PROJECTS

Claudit – AI-Powered Design Auditing Platform | (Ongoing)

- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
- Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
- Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.

Author | (Ongoing)

- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
- Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.

- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
