PROFESSIONAL SUMMARY

Digital Designer with 4+ years of experience designing responsive websites, digital marketing assets, landing pages, and user-centered experiences across enterprise, healthcare, AI-powered, and consumer platforms. Skilled in **WordPress, Figma, UX/UI design, responsive web design, SEO** best practices, **Google Analytics**, wireframing, prototyping, and transforming business goals into visually compelling digital experiences that improve engagement, usability, website performance, and lead generation. Experienced collaborating with marketing teams, developers, and stakeholders to deliver production-ready digital assets, optimize user journeys, maintain design systems, and support data-driven marketing initiatives. Strong expertise in accessibility standards, **HTML/CSS** fundamentals, website optimization, content strategy, digital branding, and cross-functional collaboration.

SKILLS

- **Digital Design & UX/UI:** UX/UI design, digital experiences, responsive web design, user-centered design, interaction design, visual communication
- **WordPress & CMS:** WordPress, CMS management, website maintenance, landing pages, website updates, content publishing
- **Figma & Prototyping:** Figma, wireframing, high-fidelity mockups, interactive prototypes, Auto Layout, component libraries
- **Responsive Web Design:** Mobile-first design, responsive interfaces, cross-device compatibility, adaptive layouts, usability optimization, accessibility
- **SEO & Website Optimization:** On-page SEO, keyword optimization, meta tags, content structure, technical SEO, search visibility
- **Analytics & Reporting:** Google Analytics GA4, website performance analysis, user behavior, reporting dashboards, data-driven insights, KPI tracking
- **UX Research & Optimization:** User journeys, usability testing, heuristic evaluations, interaction design, UX improvements, design validation
- **Landing Page Design:** Landing pages, conversion optimization, lead generation, visual hierarchy, marketing pages, CTA optimization
- **Design Systems:** Design systems, reusable components, style guides, UI consistency, scalable interfaces, documentation
- **Creative Tools:** Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Adobe Creative Suite, Figma, FigJam
- **Front-End Collaboration:** HTML5, CSS3, developer handoff, implementation support, web standards, CMS customization
- **Accessibility & Quality Assurance:** WCAG accessibility, design reviews, quality assurance, browser compatibility, interface consistency, production readiness
- **Digital Marketing Design:** Social media graphics, campaign assets, email graphics, digital branding, marketing collateral, content strategy
- **Cross-Functional Collaboration:** Marketing teams, developers, stakeholders, project management, presentations, communication

EXPERIENCE

CX by Design | *Digital Designer Intern* | New York, NY

Sept 2025 – Dec 2025

- Designed responsive websites, landing pages, and digital marketing assets improving engagement, website usability, and lead generation.
- Created Figma wireframes, high-fidelity mockups, interactive prototypes, and scalable UI systems accelerating design consistency and implementation.
- Optimized website experiences using responsive design, accessibility standards, SEO best practices, and user-centered design methodologies.
- Collaborated with developers, marketing teams, and stakeholders delivering production-ready assets aligned with business objectives.
- Performed design reviews, usability evaluations, quality assurance testing, and iterative improvements strengthening digital experiences.
- Maintained design documentation, reusable UI components, and style guides supporting efficient website management and consistency.

MyRentalSpot | *UX/UI Designer Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Designed responsive interfaces, landing pages, and digital experiences improving user engagement, accessibility, and conversion opportunities.
- Created Figma prototypes, user flows, interface mockups, and reusable design components supporting business and marketing goals.
- Applied SEO-friendly layouts, responsive design principles, and usability improvements enhancing customer journeys.
- Partnered with developers delivering implementation-ready assets aligned with branding and technical requirements.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Dec 2025

- Facilitated collaborative workshops and ideation sessions supporting innovative web experiences, digital solutions, and customer engagement.
- Developed website concepts, rapid prototypes, and responsive interfaces translating business ideas into actionable outcomes.

Lighthouse Info System Pvt. Ltd | *Associate UX Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed enterprise websites, dashboards, and responsive digital interfaces improving usability, communication, and workflow efficiency.
- Conducted usability evaluations, stakeholder workshops, interface analysis, and design reviews identifying optimization opportunities.
- Built reusable design systems, UI documentation, production-ready assets, and visual standards improving consistency and maintainability.
- Supported website optimization, implementation quality, accessibility compliance, and cross-functional collaboration throughout delivery.

Phoenixzone Technologies Pvt. Ltd | *Digital Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive websites, landing pages, marketing assets, and digital experiences improving customer engagement and online performance.
- Created high-fidelity Figma designs, interactive prototypes, social media assets, and scalable UI components supporting rapid project delivery.
- Collaborated with stakeholders translating business requirements into conversion-focused digital experiences and optimized user journeys.
- Leveraged AI-assisted workflows accelerating website design, creative iteration, implementation efficiency, and production quality.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

FEATURED PROJECTS

Claudit – AI-Powered Design Auditing Platform | (*Ongoing*)

- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
- Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
- Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.

Author | (*Ongoing*)

- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
- Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.
- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
