EXPERIENCE

CX by Design | *Graphic Designer Intern* | New York, NY Sept 2025 – Dec 2025

- Created branded visual assets, digital illustrations, and marketing graphics improving brand consistency, engagement, and visual communication.
- Designed logos, layouts, promotional materials, and high-fidelity creative concepts supporting digital and print campaigns.
- Applied typography, color theory, composition, and visual hierarchy producing polished brand experiences across multiple platforms.
- Developed interactive prototypes and presentation-ready design concepts accelerating stakeholder reviews and creative approvals.
- Collaborated with brand managers, clients, and cross-functional teams translating creative direction into production-ready assets.
- Maintained quality assurance standards through image editing, photo manipulation, and detailed production workflows.

MyRentalSpot | *Graphic Designer Intern* | Orinda, CA Aug 2025 – Sept 2025

- Developed branded marketing materials, social media graphics, and promotional assets improving customer engagement and brand visibility.
- Created digital illustrations, logo concepts, layout designs, and scalable visual systems supporting marketing campaigns.
- Conducted creative reviews and stakeholder feedback sessions refining artwork, messaging, and overall design quality.
- Delivered production-ready graphics aligned with branding standards, marketing goals, and project timelines.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY Jan 2025 – Dec 2025

- Facilitated collaborative workshops and ideation sessions supporting innovative web experiences, digital solutions, and customer engagement.
- Developed website concepts, rapid prototypes, and responsive interfaces translating business ideas into actionable outcomes.

Lighthouse Info System Pvt. Ltd | *Associate Graphic Designer* | Nagpur, India June 2024 – Aug 2024

- Designed branded graphics, dashboards, marketing visuals, and digital assets improving communication quality and user engagement.
- Conducted design evaluations, stakeholder discussions, and creative reviews identifying opportunities for visual improvements.
- Built reusable templates, production-ready artwork, and scalable brand assets improving efficiency and design consistency.
- Created design documentation, quality assurance standards, and visual guidelines supporting high-quality creative execution.

Phoenixzone Technologies Pvt. Ltd | *Graphic Designer* | Pune, India Jan 2024 – June 2024

- Designed 20+ custom graphics, branded marketing assets, and digital illustrations improving customer engagement and visual performance.
- Created logos, promotional materials, presentation graphics, and visual identities supporting business growth initiatives.
- Collaborated with stakeholders transforming business requirements into compelling visual concepts and polished creative assets.
- Leveraged AI-assisted creative workflows accelerating concept development, design iteration, and production efficiency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

G.H. Raisoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2024 – Dec 2025

Sept 2020 – June 2024

FEATURED PROJECTS

Claudit – AI-Powered Design Auditing Platform | (*Ongoing*)

- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
- Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
- Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.

Author | (*Ongoing*)

- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
- Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.
- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
