PROFESSIONAL SUMMARY

Web Designer with 4+ years of experience designing responsive, conversion-focused websites and **user-centered digital experiences** across enterprise, marketing, AI-powered, and web applications. Skilled in **UX/UI design**, **Figma**, **responsive web design**, information architecture, wireframing, prototyping, component libraries, **design systems**, and transforming business objectives into visually compelling interfaces that improve usability, accessibility, lead generation, and customer engagement. Experienced collaborating with project managers, copywriters, developers, and clients to deliver high-fidelity website designs, maintain design consistency, optimize user journeys, and create production-ready digital assets. Strong expertise in Figma Auto Layout, interactive prototyping, responsive design, accessibility standards, landing page design, **conversion optimization**, and cross-functional collaboration.

SKILLS

- **Web Design & UX/UI:** Responsive web design, UX/UI design, user-centered design, mobile-first design, interface design, visual communication
- **Figma & Prototyping:** Figma, Auto Layout, component libraries, interactive prototypes, design systems, collaborative workflows
- **Responsive Design:** Mobile-first design, responsive interfaces, cross-device compatibility, adaptive layouts, browser compatibility, accessibility
- **User Experience Design:** User flows, interaction design, information architecture, usability, navigation design, customer journeys
- **Conversion Optimization:** Landing page design, conversion-focused design, lead generation, engagement optimization, CTA strategy, UX optimization
- **Wireframing & Mockups:** Wireframes, high-fidelity mockups, interface concepts, design exploration, visual hierarchy, prototype validation
- **Design Systems:** Component libraries, reusable UI components, scalable design systems, style guides, visual consistency, UI documentation
- **Accessibility & Standards:** WCAG accessibility, inclusive design, usability standards, interface consistency, quality assurance, design validation
- **Visual Design:** Typography, layout design, color theory, composition, branding, digital aesthetics
- **Collaboration & Communication:** Project managers, developers, copywriters, client presentations, stakeholder communication, design critiques
- **Creative Tools:** Figma, Framer, Adobe Photoshop, Adobe Illustrator, Adobe Creative Suite, FigJam
- **Front-End Collaboration:** HTML5, CSS3, JavaScript fundamentals, implementation support, developer handoff, web standards
- **Quality Assurance:** Design reviews, implementation QA, production-ready assets, interface validation, usability testing, launch readiness
- **Project Management:** Independent execution, multitasking, organization, deadline management, workflow coordination, project ownership

EXPERIENCE

- CX by Design | Web Designer Intern** | New York, NY Sept 2025 – Dec 2025
- Designed responsive, high-fidelity websites improving user engagement, accessibility, conversion opportunities, and customer satisfaction.
 - Created Figma wireframes, interactive prototypes, component libraries, and scalable design systems accelerating design consistency.
 - Collaborated with project managers, developers, copywriters, and stakeholders translating business goals into user-centered web experiences.
 - Applied responsive design, information architecture, and UX principles improving usability across desktop, tablet, and mobile platforms.
 - Conducted design reviews, quality assurance checks, usability evaluations, and iterative refinements strengthening production quality.
 - Delivered development-ready assets, style guides, UI documentation, and reusable components supporting efficient implementation.
- MyRentalSpot | UX/UI Designer Intern** | Orinda, CA Aug 2025 – Sept 2025
- Designed responsive website interfaces improving customer engagement, usability, navigation, and conversion-focused user experiences.
 - Built Figma mockups, user flows, landing page concepts, and interactive prototypes supporting marketing objectives.
 - Performed usability evaluations, stakeholder feedback sessions, and interface refinements improving accessibility and design consistency.
 - Partnered with developers delivering implementation-ready assets aligned with branding and technical requirements.
- NYC Design Factory | Design and Innovation Volunteer** | New York, NY Jan 2025 – Dec 2025
- Facilitated collaborative workshops and ideation sessions supporting innovative web experiences, digital solutions, and customer engagement.
 - Developed website concepts, rapid prototypes, and responsive interfaces translating business ideas into actionable outcomes.
- Lighthouse Info System Pvt. Ltd | Associate Web Designer** | Nagpur, India June 2024 – Aug 2024
- Designed enterprise websites, dashboards, and responsive interfaces improving usability, workflow efficiency, and customer experience.
 - Conducted usability testing, design critiques, stakeholder workshops, and interface analysis identifying optimization opportunities.
 - Built reusable component systems, style guides, UI documentation, and production-ready assets improving consistency across products.
 - Partnered with engineering teams ensuring accurate implementation, responsive behavior, accessibility, and quality assurance.
- Phoenixzone Technologies Pvt. Ltd | Web Designer** | Pune, India Jan 2024 – June 2024
- Designed 20+ responsive websites, landing pages, and digital experiences improving engagement, usability, and lead generation.
 - Created high-fidelity Figma designs, wireframes, prototypes, and conversion-focused interfaces supporting rapid project delivery.
 - Collaborated with developers and stakeholders translating business objectives into scalable user-centered web experiences.
 - Leveraged AI-assisted workflows accelerating design iterations, implementation efficiency, and production-ready deliverables.

EDUCATION

Pace University, New York | *MS in Human Centered Design*
G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2024 – Dec 2025
Sept 2020 – June 2024

FEATURED PROJECTS

- Claudit – AI-Powered Design Auditing Platform** | (*Ongoing*)
- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
 - Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
 - Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.
- Author** | (*Ongoing*)
- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
 - Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.
 - Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
