PROFESSIONAL SUMMARY

Web Designer & E-commerce Integration Specialist with 4+ years of experience designing **responsive websites**, optimizing user experiences, and creating scalable digital solutions across e-commerce, enterprise, and retail platforms. Skilled in web design, **UX/UI**, landing pages, responsive layouts, **e-commerce integration**, **data mapping**, inventory workflows, and transforming business requirements into intuitive digital experiences that improve conversions, website performance, and customer engagement. Experienced collaborating with marketing teams, developers, stakeholders, and cross-functional partners to deliver multi-brand websites, optimize navigation, maintain digital assets, and support seamless front-end implementation. Strong expertise in **Figma**, **Framer**, **HTML**, **CSS**, **JavaScript**, **responsive design**, technical SEO, **website optimization**, API fundamentals, and digital workflow management.

SKILLS

- **Web Design & UX/UI:** Web design, UX/UI design, responsive websites, mobile-first design, user experience, interface design
- **E-commerce Platforms:** E-commerce websites, Shopify, Lightspeed familiarity, product pages, online storefronts, digital commerce
- **Website Integration:** Systems integration, API fundamentals, inventory synchronization, data mapping, middleware concepts, workflow automation
- **Website Optimization:** Technical SEO, site audits, page speed optimization, navigation optimization, conversion optimization, website maintenance
- **Responsive Development:** HTML, CSS, JavaScript, responsive layouts, front-end development, browser compatibility
- **Landing Page Design:** Landing pages, promotional pages, website banners, campaign pages, visual hierarchy, conversion-focused layouts
- **Multi-Brand Design:** Brand identity, visual consistency, digital branding, cross-brand experiences, design systems, creative assets
- **Data & Inventory Management:** Inventory workflows, product data management, catalog organization, quality control, data accuracy, troubleshooting
- **Graphic Design:** Adobe Creative Suite, Adobe Photoshop, Adobe Illustrator, Figma, Framer, visual design
- **User Experience Strategy:** User journeys, interaction design, information architecture, wireframing, prototyping, usability optimization
- **Marketing Collaboration:** Email layouts, promotional graphics, digital marketing assets, campaign support, cross-functional collaboration, stakeholder communication
- **Project Management:** Independent execution, multitasking, deadline management, organization, workflow coordination, project ownership
- **Problem Solving:** Critical thinking, analytical thinking, troubleshooting, process improvement, technical agility, continuous learning
- **Quality Assurance:** Website QA, broken link testing, layout validation, rendering consistency, implementation review, documentation

EXPERIENCE

CX by Design | WebDesigner Intern | New York, NY

Sept 2025 – Dec 2025

- Designed responsive websites, landing pages, and digital experiences improving usability, conversions, navigation, and customer engagement.
- Optimized website layouts, user journeys, and interface consistency improving performance across desktop and mobile platforms.
- Built scalable Figma designs, interactive prototypes, and development-ready specifications accelerating implementation quality.
- Performed website audits identifying navigation issues, broken layouts, usability gaps, and optimization opportunities.
- Collaborated with developers, marketers, and stakeholders delivering cohesive multi-brand digital experiences and promotional assets.
- Improved website quality through structured documentation, QA reviews, and iterative UX enhancements supporting business growth.

MyRentalSpot | UX/UI Designer Intern | Orinda, CA

Aug 2025 – Sept 2025

- Designed intuitive web interfaces and responsive product pages improving customer engagement, navigation, and usability.
- Created landing pages, digital assets, wireframes, and interactive prototypes supporting marketing and e-commerce initiatives.
- Optimized user flows, information architecture, and interface consistency improving shopping experiences and conversion potential.
- Partnered with stakeholders delivering implementation-ready designs aligned with marketing priorities and business goals.

NYC Design Factory | Design and Innovation Volunteer | New York, NY

Jan 2025 – Dec 2025

- Facilitated collaborative workshops and ideation sessions supporting innovative web experiences, digital solutions, and customer engagement.
- Developed website concepts, rapid prototypes, and responsive interfaces translating business ideas into actionable outcomes.

Lighthouse Info System Pvt. Ltd | Associate UX Designer | Nagpur, India

June 2024 – Aug 2024

- Designed enterprise dashboards, responsive interfaces, and workflow solutions improving usability, operational efficiency, and customer engagement.
- Conducted UX audits, usability analysis, interface evaluations, and stakeholder discussions identifying optimization opportunities.
- Built reusable design systems, interface standards, implementation documentation, and scalable digital assets improving consistency.
- Supported front-end implementation through QA reviews, design specifications, and engineering collaboration improving delivery quality.

Phoenixzone Technologies Pvt. Ltd | UX/UI Designer | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive web experiences improving navigation, user engagement, website usability, and workflow efficiency.
- Created wireframes, high-fidelity mockups, interactive prototypes, and scalable design systems supporting rapid product delivery.
- Partnered with developers and stakeholders translating business requirements into intuitive digital experiences and optimized workflows.
- Leveraged AI-assisted workflows accelerating website design, UX optimization, design iteration, and implementation efficiency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Raisoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

FEATURED PROJECTS

Claudit – AI-Powered Design Auditing Platform | (Ongoing)

- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
- Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
- Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.

Author | (Ongoing)

- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
- Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.
- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
