EXPERIENCE

CX by Design | Marketing Designer Intern | New York, NY

Sept 2025 – Dec 2025

- Created product graphics, branded assets, and packaging concepts improving product presentation, customer engagement, and brand visibility.
- Translated project requirements and marketing objectives into production-ready artwork, packaging layouts, and creative visual solutions.
- Designed logos, traced artwork, product mockups, marketing materials, email graphics, and web banners supporting successful campaigns.
- Developed Photoshop product prototypes, packaging visuals, and print-ready production files improving implementation quality and efficiency.
- Collaborated with marketing teams, production teams, and stakeholders delivering high-quality creative assets under aggressive project deadlines.
- Delivered organized design specifications, production documentation, and artwork files supporting seamless printing and production workflows.

MyRentalSpot | Graphic Designer Intern | Orinda, CA

Aug 2025 – Sept 2025

- Developed branded graphics, promotional materials, and digital marketing assets improving customer engagement, visual consistency, and communication.
- Created logo concepts, vector artwork, product mockups, catalogs, and print-ready layouts supporting marketing initiatives.
- Conducted creative reviews, stakeholder feedback analysis, and artwork refinements improving production quality and campaign effectiveness.
- Collaborated with stakeholders delivering production-ready assets aligned with branding standards and project priorities.

NYC Design Factory | Design and Innovation Volunteer | New York, NY

Jan 2025 – Dec 2025

- Facilitated collaborative workshops and ideation sessions supporting innovative web experiences, digital solutions, and customer engagement.
- Developed website concepts, rapid prototypes, and responsive interfaces translating business ideas into actionable outcomes.

Lighthouse Info System Pvt. Ltd | Associate Graphic Designer | Nagpur, India

June 2024 – Aug 2024

- Designed branded graphics, packaging concepts, dashboards, and promotional materials improving communication quality and customer engagement.
- Conducted stakeholder discussions, creative evaluations, design analyses, and production reviews identifying optimization opportunities.
- Built reusable layouts, marketing assets, print-ready artwork, and production documentation supporting consistency and scalability.
- Created style guides, design specifications, QA documentation, and visual standards improving production quality and implementation.

Phoenixzone Technologies Pvt. Ltd | Graphic Designer | Pune, India

Jan 2024 – June 2024

- Designed 20+ product graphics, marketing assets, and branded visual experiences improving engagement, product visibility, and campaign performance.
- Created illustrations, logo designs, traced artwork, packaging graphics, catalogs, and promotional materials supporting rapid project delivery.
- Partnered directly with stakeholders translating marketing requirements into production-ready creative assets and impactful visual solutions.
- Leveraged AI-assisted workflows accelerating product visualization, design iteration, prototype development, and production efficiency.

EDUCATION

Pace University, New York | MS in Human Centered Design

Sept 2024 – Dec 2025

G.H. Raison College of Engineering | Bachelor of Engineering in Computer Science

Sept 2020 – June 2024

FEATURED PROJECTS

Claudit – AI-Powered Design Auditing Platform | (Ongoing)

- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
- Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
- Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.

Author | (*Ongoing*)

- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
- Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.
- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
