PROFESSIONAL SUMMARY

Junior UX Designer with 2+ years of experience designing responsive web, **enterprise**, and **operational product experiences** across **data-intensive platforms**. Skilled in **wireframing**, **interactive prototyping**, workflow mapping, **usability testing**, and translating complex mission workflows into scalable user-centered interfaces. Experienced collaborating with engineers and stakeholders during **Agile sprints** to improve usability, navigation clarity, workflow efficiency, and interface consistency across enterprise environments. Strong expertise in **Figma**, **Adobe XD**, **design systems**, UX research artifacts, interaction design, accessibility standards, operational dashboards, and data visualization experiences supporting multi-user workflows.

SKILLS

- **UX Design & Research:** UX design, user research, journey maps, empathy maps, stakeholder maps, service blueprints, user flows, storyboards
- **Wireframing & Prototyping:** Wireframes, mockups, interactive prototypes, interaction models, workflow mapping, interface design
- **Enterprise & Dashboard UX:** Operational dashboards, analytics interfaces, mission workflows, data visualization, enterprise platforms, reporting
- **Figma & Adobe XD:** Figma, Adobe XD, Framer, components, variants, auto layout, interactive prototyping, UI mockups
- **Design Systems & UI Standards:** Component libraries, scalable UI systems, style guides, responsive layouts, interface consistency, governance
- **Research & Testing:** Research reports, usability testing, qualitative insights, feedback analysis, iterative UX improvements, prototype validation
- **Agile & Engineering Collaboration:** Agile workflows, sprint collaboration, engineering handoff, UI specifications, implementation support
- **Accessibility & UX Compliance:** Section 508 standards, accessibility principles, responsive behaviors, usability consistency, compliance validation
- **Workflow & Interaction Design:** Information architecture, interaction design, navigation clarity, edge cases, workflow efficiency, patterns
- **Documentation & Mapping:** UX documentation, workflow diagrams, interface mappings, annotated specifications, workflow artifacts
- **Cross-Functional Collaboration:** Stakeholder communication, collaborative workshops, design reviews, feedback implementation, roadmap support
- **Analytics & Optimization:** Behavioral insights, usability metrics, workflow efficiency, friction reduction, adoption optimization, task completion

EXPERIENCE

- CX by Design | UX Design Intern | New York, NY** **Sept 2025 – Dec 2025**
- Designed enterprise web and mobile product experiences translating operational workflows into scalable user-centered interfaces.
 - Built wireframes, mockups, prototypes, and interaction flows improving navigation clarity, usability consistency, and workflow efficiency.
 - Created reusable Figma components, scalable design systems, and UI specifications supporting cross-platform interface consistency.
 - Collaborated with engineers and stakeholders during Agile sprints refining interaction behaviors, implementation feasibility, and responsive workflows.
 - Conducted usability testing, workflow analysis, and research documentation identifying friction points and improving task completion across operational experiences.
 - Produced UX documentation, workflow diagrams, interface mappings, and annotated specifications supporting implementation and product alignment.
- MyRentalSpot | UX Design Intern | Orinda, CA** **Aug 2025 – Sept 2025**
- Redesigned onboarding workflows and responsive product experiences improving usability across digital platforms.
 - Built high-fidelity Figma and Framer prototypes validating interaction states, responsive layouts, and workflow scalability before development.
 - Conducted usability testing and synthesized qualitative findings into actionable UX improvements reducing friction across user flows.
 - Collaborated with engineering teams, delivering UI specifications, responsive layouts, and QA documentation improving launch readiness.
- NYC Design Factory | Design and Innovation Volunteer | New York, NY** **Jan 2025 – Present**
- Facilitated workshops, journey mapping sessions, and rapid ideation exercises supporting customer-centered product experiences and workflows.
 - Developed wireframes, prototypes, interaction models, and UX concepts translating business challenges into scalable workflow solutions.
- Lighthouse Info System Pvt. Ltd | Associate UX Designer | Nagpur, India** **June 2024 – Aug 2024**
- Designed responsive dashboards, operational tools, and workflow interfaces improving usability, hierarchy, and data visualization clarity.
 - Conducted stakeholder interviews and workflow sessions identifying edge cases, business requirements, and friction informing UX solutions.
 - Built high-fidelity interfaces, reusable components, and responsive layouts supporting scalable enterprise workflow consistency.
 - Created UX documentation, QA checklists, interaction patterns, and implementation guidelines, reducing inconsistencies and engineering ambiguity.
- Phoenixzone Technologies Pvt. Ltd | Junior UX Designer | Pune, India** **Jan 2024 – June 2024**
- Designed 20+ responsive web and mobile product flows improving navigation clarity, customer efficiency, and usability across digital platforms.
 - Created wireframes, prototypes, high-fidelity interfaces, and interaction states focused on usability optimization and scalable UX systems.
 - Partnered directly with engineers during sprint cycles refining implementation feasibility, responsive behaviors, and workflow interactions.
 - Defined interaction behaviors and scalable design patterns improving engagement and usability across operational workflows.

EDUCATION

Pace University, New York | MS in Human Centered Design
G.H. Rasoni College of Engineering | Bachelor of Engineering in Computer Science

Sept 2024 – Dec 2025
Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
 - Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
 - User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
 - Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
- Copyright:** Earthquake Prediction using Quantum Support Vector Machines (QSVM) - January 2024
