PROFESSIONAL SUMMARY

WordPress Web Developer with 3+ years of experience developing **custom WordPress websites**, responsive web applications, and scalable digital platforms across marketing, business, and customer-facing environments. Skilled in **WordPress development**, **Gutenberg**, **custom themes**, **plugin customization**, **HTML**, **Tailwind CSS**, **JavaScript**, **PHP**, **REST APIs**, and **translating Figma designs into production-ready web experiences** improving usability, performance, accessibility, and user engagement. Experienced collaborating with designers, developers, stakeholders, and cross-functional teams to deliver full-stack web solutions, optimize workflows, improve website security, and support scalable hosting environments. Strong expertise in **WordPress**, **React**, **Tailwind CSS**, **PHP**, **MySQL**, **PostgreSQL**, **Git**, **API integration**, **Linux environments**, **web security best practices**, **AI-assisted development workflows**, and enterprise web operations supporting high-performance digital experiences.

SKILLS

- **WordPress Development:** WordPress, Gutenberg, custom themes, plugin development, CMS customization, content management
- **Frontend Development:** HTML5, Tailwind CSS, JavaScript, jQuery, responsive design, accessibility standards
- **React & Modern UI Development:** React, component-based systems, interactive interfaces, frontend optimization, scalable UI
- **Backend Development:** PHP, custom functionality, server-side development, business logic implementation, Symfony awareness
- **Database Management:** MySQL, PostgreSQL, query optimization, database design, data management systems
- **API Integration & Documentation:** REST APIs, JSON, OAuth, Postman, Swagger, API troubleshooting, integration workflows
- **Figma to Development:** Figma implementation, responsive layouts, UI translation, design handoff, pixel-perfect execution
- **Linux & Hosting Administration:** Linux servers, Apache, Nginx, cPanel, WHM, server maintenance, deployment workflows
- **Security & Performance Optimization:** SSL certificates, SQL injection prevention, XSS mitigation, performance optimization
- **DevOps & Infrastructure:** DNS management, backups, cron jobs, PHPMyAdmin, hosting support, environment management
- **Version Control & Collaboration:** Git, code reviews, team collaboration, standups, workflow management
- **UI/UX & Accessibility:** UX principles, usability optimization, workflow efficiency, customer-focused experiences
- **Troubleshooting & Quality Assurance:** Debugging, issue resolution, QA testing, implementation validation, operational consistency
- **AI-Assisted Development:** AI-assisted workflows, rapid debugging, code optimization, scalable development efficiency
- **Problem Solving & Full Stack Engineering:** Full stack development, technical analysis, scalable solutions, business-focused systems

EXPERIENCE

- CX by Design | WordPress Web Developer Intern** | New York, NY **Sept 2025 – Dec 2025**
- Developed custom WordPress websites, responsive web experiences, and scalable digital platforms improving usability and engagement.
 - Translated Figma designs into production-ready websites using WordPress, HTML, CSS, JavaScript, and responsive development workflows.
 - Built custom themes, CMS components, reusable layouts, and scalable frontend systems improving implementation consistency.
 - Integrated REST APIs, optimized website performance, and enhanced security practices supporting reliable digital experiences.
 - Collaborated with designers, developers, and stakeholders aligning business requirements with scalable web solutions.
 - Contributed AI-assisted workflows, technical documentation, deployment processes, and optimization initiatives improving delivery efficiency.
- MyRentalSpot | WordPress Web Developer Intern** | Orinda, CA **Aug 2025 – Sept 2025**
- Developed responsive web and mobile experiences improving onboarding efficiency, usability, and interaction consistency.
 - Built high-fidelity Figma prototypes, scalable interaction systems, and workflow-driven user experiences validating solutions before launch.
 - Collaborated with developers supporting frontend implementation, website optimization, and production-ready digital experiences.
 - Supported rapid iteration cycles, usability validation, and UX refinements improving deployment quality and customer engagement.
 - Enhanced interface consistency and responsive behaviors improving customer experience across digital platforms.
- NYC Design Factory | Design and Innovation Volunteer** | New York, NY **Jan 2025 – Present**
- Facilitated collaborative workshops and ideation sessions supporting innovative digital experiences and scalable web solutions.
 - Developed workflow analyses, responsive concepts, and communication assets translating user needs into functional solutions.
 - Collaborated with cross-functional teams aligning usability goals, technical requirements, and implementation initiatives.
- Lighthouse Info System Pvt. Ltd | Associate Web Designer** | Nagpur, India **June 2024 – Aug 2024**
- Designed and developed responsive dashboards, websites, and scalable digital experiences improving usability and operational efficiency.
 - Conducted stakeholder discussions, workflow evaluations, and technical reviews identifying opportunities for performance optimization.
 - Built reusable layouts, responsive frontend systems, database-connected interfaces, and scalable web workflows supporting consistency.
 - Created technical documentation, QA systems, implementation standards, and deployment guidelines reducing operational inefficiencies.
 - Collaborated with engineering teams refining web functionality, API integrations, and scalable software experiences.
- Phoenixzone Technologies Pvt. Ltd | Junior Web Designer** | Pune, India **Jan 2024 – June 2024**
- Developed 20+ responsive websites and digital experiences improving usability, engagement, performance, and accessibility.
 - Created custom website components, frontend interfaces, responsive layouts, and interactive systems supporting rapid deployment.
 - Partnered directly with stakeholders translating business requirements into scalable WordPress and web-based solutions.
 - Leveraged AI-assisted workflows accelerating debugging, development optimization, validation processes, and implementation efficiency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*
G.H. Raison College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2024 – Dec 2025
Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
