PROFESSIONAL SUMMARY

UX Designer with 3+ years of experience designing **SaaS applications, enterprise platforms, and scalable digital products** across web and mobile environments. Skilled in **end-to-end UX design, user research, usability testing, interaction design, wireframing, prototyping, and translating complex business problems** into intuitive product experiences improving usability, adoption, and workflow efficiency. Experienced collaborating with product managers, engineers, researchers, and cross-functional stakeholders to drive **product discovery, Lean UX initiatives, design validation, and implementation** within agile environments. Strong expertise in **Figma, design systems, AI-assisted design workflows, qualitative and quantitative research, usability testing, customer interviews, design operations, stakeholder presentations, and scalable interaction systems** supporting enterprise software experiences.

SKILLS

- **UX Strategy & Product Design:** End-to-end UX design, product discovery, problem definition, solution validation, product thinking
- **Enterprise SaaS Design:** SaaS applications, enterprise software, workflow optimization, business platforms, complex problem solving
- **User Research & Validation:** User interviews, ethnographic research, usability testing, surveys, research synthesis
- **Lean UX & Experimentation:** Lean UX, hypothesis-driven design, validation frameworks, iterative improvements, design optimization
- **Wireframing & Prototyping:** Wireframes, user flows, interactive prototypes, concept sketches, high-fidelity design
- **Figma & Design Systems:** Figma, component libraries, design systems, scalable UI systems, design consistency
- **AI-Assisted Design Workflows:** ChatGPT, Claude, Figma Make, AI ideation, AI-supported prototyping
- **Qualitative & Quantitative Analysis:** Analytics interpretation, usability findings, behavioral insights, friction analysis, decision making
- **Interaction Design & Information Architecture:** Information architecture, navigation systems, interaction patterns, user-centered workflows
- **Cross-Functional Collaboration:** Product managers, engineers, stakeholders, collaborative workshops, alignment sessions
- **Presentation & Communication:** Design storytelling, stakeholder presentations, design rationale, facilitated working sessions
- **Agile Product Development:** Agile methodologies, sprint collaboration, iterative development, product delivery workflows
- **Design Operations & Documentation:** UX documentation, design processes, operational consistency, scalable workflows
- **Accessibility & Usability:** Accessibility standards, usability principles, customer-centered design, scalable experiences
- **Problem Solving & Innovation:** Strategic thinking, ambiguity management, enterprise UX solutions, scalable product systems

EXPERIENCE

CX by Design | UX Designer Intern | New York, NY

Sept 2025 – Dec 2025

- Led end-to-end UX design initiatives for complex digital products improving usability, workflow efficiency, and customer engagement.
- Created concept sketches, wireframes, user flows, interactive prototypes, and high-fidelity Figma designs supporting product delivery.
- Conducted user interviews, usability testing, workflow evaluations, and research synthesis identifying opportunities for design improvements.
- Applied Lean UX principles, hypothesis-driven validation, and iterative design approaches reducing friction across user journeys.
- Collaborated with product managers, engineers, researchers, and stakeholders aligning customer needs with business objectives.
- Contributed AI-assisted workflows, design system enhancements, design documentation, and scalable UX processes improving team efficiency.

MyRentalSpot | UX/UI Product Design Intern | Orinda, CA

Aug 2025 – Sept 2025

- Developed responsive web and mobile product experiences improving onboarding efficiency, usability, and interaction consistency.
- Built high-fidelity Figma prototypes, scalable interaction systems, and user-centered workflows validating experiences before launch.
- Conducted usability evaluations, customer feedback analysis, and UX refinements improving accessibility and engagement quality.
- Collaborated with developers, product teams, and stakeholders delivering production-ready design systems and implementation workflows.
- Supported rapid iteration cycles, feature refinement, UX validation, and usability testing enhancing deployment quality.

NYC Design Factory | Design and Innovation Volunteer | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops and ideation sessions supporting innovative human-centered digital experiences and scalable product solutions.
- Developed workflow analyses, interaction concepts, and communication assets translating user needs into functional software experiences.
- Collaborated with cross-functional teams aligning customer journeys, usability goals, and product innovation initiatives.

Lighthouse Info System Pvt. Ltd | Associate UX Designer | Nagpur, India

June 2024 – Aug 2024

- Designed responsive dashboards, enterprise systems, and customer-centered digital experiences improving usability and communication quality.
- Conducted stakeholder discussions, usability evaluations, workflow analyses, and iterative design reviews identifying opportunities for UX optimization.
- Built reusable layouts, scalable design systems, wireframes, prototype-ready assets, and interaction workflows supporting consistency.
- Created UX documentation, design guidelines, QA systems, and operational standards reducing inconsistencies across implementations.
- Collaborated with engineering teams refining interaction systems, accessibility workflows, and scalable software experiences.

Phoenixzone Technologies Pvt. Ltd | Junior UX Designer | Pune, India

Jan 2024 – June 2024

- Designed 20+ software experiences and scalable UX systems improving usability, engagement, and workflow performance.
- Created wireframes, user flows, prototypes, scalable UI components, and interaction systems supporting rapid product delivery.
- Partnered directly with developers and stakeholders translating business requirements into scalable enterprise solutions.
- Leveraged AI-assisted workflows accelerating research synthesis, design iteration, validation processes, and implementation efficiency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
