PROFESSIONAL SUMMARY

Product Designer with 3+ years of experience designing user-centered web and mobile products across SaaS platforms, growth initiatives, and scalable digital ecosystems. Skilled in **end-to-end product design, growth UX, onboarding experiences, user research, usability testing**, wireframing, prototyping, and translating user behavior insights into intuitive experiences improving **signup, activation, engagement, and conversion performance**. Experienced collaborating with product managers, engineers, researchers, and cross-functional stakeholders to drive product discovery, experimentation, design validation, and implementation within agile environments. Strong expertise in **Figma, growth design, UX psychology, AI-assisted design workflows, design systems**, quantitative and qualitative research, stakeholder presentations, rapid prototyping, and scalable interaction systems supporting **data-informed product decisions**.

SKILLS

- **Growth Product Design:** Growth UX, activation flows, conversion optimization, retention strategies, onboarding experiences
- **Product Design & Strategy:** End-to-end product design, product discovery, problem definition, solution validation, product thinking
- **User Research & Validation:** User interviews, usability testing, surveys, behavioral analysis, research synthesis
- **Experimentation & Optimization:** A/B testing support, experimentation mindset, hypothesis validation, iterative improvements
- **Wireframing & Prototyping:** Wireframes, user flows, concept exploration, interactive prototypes, high-fidelity design
- **Figma & Design Systems:** Figma, component libraries, scalable design systems, design consistency, reusable patterns
- **AI-Assisted Design Workflows:** ChatGPT, AI ideation, AI-supported prototyping, workflow acceleration, design iteration
- **UX Psychology & Behavior Design:** User motivation, behavioral design, friction reduction, customer engagement strategies
- **Qualitative & Quantitative Analysis:** Analytics interpretation, usability findings, customer insights, decision-making frameworks
- **Mobile & Web Product Design:** Responsive experiences, mobile-first design, web applications, cross-platform systems
- **Cross-Functional Collaboration:** Product managers, engineers, stakeholders, collaborative workshops, alignment sessions
- **Presentation & Communication:** Design storytelling, stakeholder presentations, design rationale, facilitated reviews
- **Agile Product Development:** Agile workflows, sprint collaboration, rapid iteration, product delivery cycles
- **Design Operations & Documentation:** UX documentation, scalable workflows, process optimization, implementation consistency
- **Problem Solving & Innovation:** Strategic thinking, ambiguity management, customer-centered solutions, scalable product systems

EXPERIENCE

CX by Design | *Product Design Intern* | New York, NY

Sept 2025 – Dec 2025

- Led end-to-end product design initiatives for customer-facing digital products improving engagement, usability, and conversion performance.
- Translated product hypotheses into wireframes, user flows, prototypes, and high-fidelity Figma designs supporting rapid experimentation.
- Leveraged user research, behavioral insights, usability testing, and workflow analysis identifying opportunities for activation improvements.
- Applied UX psychology principles and iterative design approaches reducing friction across onboarding and customer journeys.
- Collaborated with product managers, engineers, and stakeholders aligning customer needs with business objectives and growth goals.
- Contributed AI-assisted workflows, scalable design systems, design documentation, and product optimization processes improving execution efficiency.

MyRentalSpot | *UX/UI Product Design Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Developed responsive web and mobile product experiences improving onboarding efficiency, engagement, and interaction consistency.
- Built high-fidelity Figma prototypes, scalable interaction systems, and customer-focused workflows validating experiences before launch.
- Conducted usability evaluations, customer feedback analysis, and UX refinements improving accessibility and engagement quality.
- Collaborated with developers, product teams, and stakeholders delivering production-ready design systems and implementation workflows.
- Supported rapid iteration cycles, feature refinement, UX validation, and usability testing enhancing deployment quality.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops and ideation sessions supporting innovative customer-focused experiences and scalable product solutions.
- Developed workflow analyses, interaction concepts, and communication assets translating user needs into functional product experiences.
- Collaborated with cross-functional teams aligning customer journeys, usability goals, and product innovation initiatives.

Lighthouse Info System Pvt. Ltd | *Associate Product Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed responsive dashboards, product systems, and customer-centered digital experiences improving usability and workflow efficiency.
- Conducted stakeholder discussions, usability evaluations, workflow analyses, and design reviews identifying opportunities for UX optimization.
- Built reusable layouts, scalable design systems, wireframes, prototype-ready assets, and interaction workflows supporting consistency.
- Created UX documentation, design guidelines, QA systems, and operational standards reducing inconsistencies across implementations.
- Collaborated with engineering teams refining interaction systems, usability workflows, and scalable software experiences.

Phoenixzone Technologies Pvt. Ltd | *Junior Product Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ digital product experiences and scalable UX systems improving engagement, usability, and interaction performance.
- Created wireframes, user flows, prototypes, scalable UI components, and interaction systems supporting rapid product delivery.
- Partnered directly with developers and stakeholders translating customer requirements into scalable product solutions.
- Leveraged AI-assisted workflows accelerating research synthesis, design iteration, validation processes, and implementation efficiency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Raison College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
