PROFESSIONAL SUMMARY

Packaging Designer with 3+ years of experience creating innovative packaging concepts, branded graphics, product artwork, and production-ready visual assets across consumer products, retail, and print environments. Skilled in packaging design, Adobe Illustrator, Adobe Photoshop, branding, typography, layout design, product visualization, and transforming marketing objectives into visually compelling packaging solutions that improve product appeal, brand recognition, and customer engagement. Experienced collaborating with marketing, product development, production, and cross-functional stakeholders to develop packaging concepts, mockups, print-ready artwork, and brand-compliant visual communications. Strong expertise in packaging mockups, production workflows, market research, creative concept development, print production, quality assurance, and project management.

SKILLS

- **Packaging Design & Development:** Packaging design, packaging concepts, structural packaging, consumer packaging, product packaging, packaging mockups
- **Product Graphics & Branding:** Product artwork, branded graphics, brand identity, product presentation, visual branding, packaging graphics
- **Adobe Illustrator & Vector Design:** Adobe Illustrator, vector artwork, logo creation, artwork tracing, scalable graphics, custom illustrations
- **Adobe Photoshop & Mockups:** Adobe Photoshop, product mockups, package visualization, image editing, photo retouching, creative assets
- **Adobe InDesign & Print Design:** Adobe InDesign, print layouts, marketing collateral, production graphics, brochures, catalogs
- **Typography & Layout Design:** Typography, layout design, visual hierarchy, composition, color theory, brand consistency
- **Packaging Production:** Print production, production-ready artwork, print specifications, packaging documentation, production workflows, vendor coordination
- **Marketing & Consumer Research:** Market research, packaging trends, competitive analysis, consumer insights, product positioning, branding strategy
- **Creative Concept Development:** Brainstorming, concept visualization, illustration, creative ideation, product innovation, design exploration
- **Quality & Compliance:** Quality assurance, packaging standards, regulatory awareness, design reviews, attention to detail, production accuracy
- **Cross-Functional Collaboration:** Marketing collaboration, product development, production teams, stakeholder communication, copywriter collaboration, teamwork
- **Project Management:** Timeline management, budget awareness, multitasking, workflow coordination, organization, deadline management
- **Presentation & Communication:** Design presentations, concept pitches, stakeholder reviews, creative communication, documentation, feedback integration
- **Creative Problem Solving:** Design thinking, analytical thinking, innovation, troubleshooting, independent execution, continuous improvement

EXPERIENCE

CX by Design | *Packaging Designer Intern* | New York, NY

Sept 2025 – Dec 2025

- Designed innovative packaging concepts, branded graphics, and product artwork improving product presentation, customer engagement, and brand recognition.
- Translated product requirements, marketing objectives, and brand guidelines into production-ready packaging solutions and visual assets.
- Created packaging mockups, logo treatments, product illustrations, and print-ready artwork supporting successful product launches.
- Applied typography, layout, color theory, and branding principles improving packaging consistency, shelf appeal, and visual quality.
- Collaborated with marketing, production, and stakeholders refining concepts, packaging graphics, and implementation priorities.
- Delivered design specifications, packaging documentation, and production-ready files supporting efficient manufacturing workflows.

MyRentalSpot | *Graphic Designer Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Developed branded packaging graphics and promotional materials improving customer engagement, communication effectiveness, and product visibility.
- Built packaging layouts, logo concepts, product mockups, and scalable visual assets supporting business and marketing goals.
- Conducted market research, creative reviews, stakeholder feedback analysis, and packaging refinements improving design quality and brand consistency.
- Collaborated with stakeholders delivering production-ready artwork aligned with packaging standards and marketing priorities.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Dec 2025

- Facilitated collaborative workshops and ideation sessions supporting innovative web experiences, digital solutions, and customer engagement.
- Developed website concepts, rapid prototypes, and responsive interfaces translating business ideas into actionable outcomes.

Lighthouse Info System Pvt. Ltd | *Associate Graphic Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed branded packaging graphics, dashboards, and marketing materials improving communication quality, product visibility, and customer engagement.
- Conducted stakeholder discussions, creative evaluations, market analysis, and packaging reviews identifying optimization opportunities.
- Built reusable packaging layouts, graphic systems, print-ready artwork, and production documentation supporting implementation quality.
- Created brand standards, design specifications, QA documentation, and packaging guidelines improving production consistency.

Phoenixzone Technologies Pvt. Ltd | *Graphic Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ packaging graphics, branded visual assets, and product concepts improving shelf appeal, engagement, and brand recognition.
- Created illustrations, packaging mockups, logo concepts, marketing materials, and production-ready artwork supporting rapid product development.
- Partnered directly with stakeholders translating product requirements into innovative packaging solutions and impactful customer experiences.
- Leveraged AI-assisted workflows accelerating packaging visualization, design iteration, artwork preparation, and project execution quality.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

FEATURED PROJECTS

Claudit – AI-Powered Design Auditing Platform | (Ongoing)

- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
- Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
- Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.

Author | (*Ongoing*)

- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
- Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.
- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
