## PROFESSIONAL SUMMARY

**Experience Designer** with 2+ years of experience designing intuitive, **accessible**, and data-driven **digital experiences** for enterprise, financial services, and AI-powered platforms. Specialized in interaction design, **information architecture**, **service design**, workflow optimization, and **scalable design systems** across complex web and multi-platform applications. Proven ability to translate complex workflows, operational constraints, and user behaviors into visually compelling and highly functional interfaces improving usability, accessibility, customer engagement, and workflow efficiency. Advanced proficiency in Figma, Framer, Adobe Creative Suite, Sketch, and interactive prototyping tools. Strong systems-thinking and cross-functional collaboration skills with experience partnering with product managers, engineers, researchers, and business stakeholders to deliver seamless and user-centered digital experiences aligned with business and operational goals.

## SKILLS

- **Experience Design:** Service Design, Systems Thinking, Interaction Design, Information Architecture, User-Centered Design, Workflow Optimization
- **UX Research & Strategy:** User Research, User Behavior Analysis, Market Research, Journey Mapping, Storyboarding, Data-Driven Decisions
- **Wireframing & Prototyping:** Wireframes, Interactive Prototypes, High-Fidelity Mockups, Rapid Prototyping, UX Presentations, Interaction Flows
- **Design Systems:** Design Systems, Component Libraries, Style Guides, Cross-Platform Consistency, Scalable UI Systems, Design Governance
- **Design Tools:** Figma, Framer, Sketch, Adobe Creative Suite, Adobe Photoshop, Adobe Illustrator, FigJam, Miro
- **Enterprise & Financial UX:** Financial Services UX, Enterprise Platforms, Service Workflows, Rewards Interfaces, Data-Driven Interfaces
- **Accessibility & Inclusion:** WCAG Accessibility Standards, Inclusive Design Principles, Assistive Technologies, Accessibility-Focused Interfaces
- **Analytics & Optimization:** Data Interpretation, Workflow Analysis, UX Optimization, User Feedback Analysis, Operational Efficiency, Decision-Making Insights
- **Development Collaboration:** HTML, CSS, React Basics, Design-to-Development Collaboration, Agile Workflow Support, Multi-Platform Design
- **Collaboration & Execution:** Cross-Functional Collaboration, Stakeholder Communication, Strategic Thinking, Fast-Paced Product Environments

## EXPERIENCE

### CX by Design | *Experience Designer Intern* | New York, NY

Sept 2025 – Dec 2025

- Designed employee-facing UX experiences across enterprise and AI-powered platforms improving usability, workflow efficiency, and engagement
- Shipped 5+ high-impact product features from concept to implementation improving adoption through iteration and usability-focused enhancements
- Built scalable Figma component libraries, design systems, and style guides improving cross-platform consistency and implementation workflows
- Created wireframes, journey maps, storyboards, Framer prototypes, and high-fidelity mockups supporting validation and product development
- Applied user research, usability testing, data-driven analysis, and stakeholder feedback to improve interface usability and workflow optimization
- Conducted workflow analysis and transformed complex operational requirements into streamlined and accessible interaction experiences
- Collaborated with engineers, product managers, and business stakeholders to align UX strategy with operational requirements and enterprise goals

### MyRentalSpot | *UX Designer Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Improved customer workflows through usability testing, iteration, and UX optimization strategies increasing engagement and operational efficiency
- Designed responsive wireframes, interaction flows, and prototypes optimized for intuitive web and enterprise experiences
- Conducted user interviews, behavioral analysis, and heuristic evaluations identifying usability gaps and improving customer-focused interfaces
- Created production-ready Figma specifications and interactive prototypes accelerating stakeholder approvals and engineering collaboration

### NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops and innovation sessions accelerating service design thinking and workflow problem solving
- Produced journey maps, rapid prototypes, and interaction concepts supporting user-centered and enterprise-focused product initiatives
- Collaborated with multidisciplinary teams to develop intuitive and visually compelling digital experiences

### Lighthouse Info System Pvt. Ltd | *Associate Experience Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed intuitive dashboards, operational workflows, and enterprise interfaces improving usability and workflow efficiency across complex platforms
- Built advanced Framer prototypes, interactive mockups, and scalable design systems supporting rapid validation and interface optimization
- Conducted contextual inquiry, stakeholder interviews, and usability testing identifying workflow inefficiencies and improving interface usability
- Developed reusable UI patterns, accessibility-focused standards, and scalable component systems improving consistency and operational scalability

### Phoenixzone Technologies Pvt. Ltd | *Junior Experience Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive user flows and interaction patterns improving usability, accessibility, and workflow efficiency across digital platforms
- Created wireframes, high-fidelity mockups, and interactive prototypes using Figma, Framer, and React-based design systems
- Applied information architecture, storyboarding, and systems-thinking principles to improve navigation and interface consistency
- Collaborated with developers and product teams in agile sprints to deliver scalable and user-centered digital experiences

## EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

## ACHIEVEMENTS & PUBLICATIONS

### Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
  - Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
  - User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
  - Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
- Copyright:** Earthquake Prediction using Quantum Support Vector Machines (QSVM) - January 2024
