PROFESSIONAL SUMMARY

UI Designer with 2+ years of experience designing intuitive, visually compelling, and **user-centered digital products** for AI-native, enterprise, and consumer technology platforms. Specialized in crafting seamless interfaces, **scalable design systems**, **rapid prototyping**, and interaction-focused experiences across web and mobile applications. Proven ability to translate product vision, technical workflows, and user behaviors into elegant and highly functional interfaces improving usability, engagement, and customer experience. Advanced proficiency in Figma, Framer, Adobe Creative Suite, Cursor, and **AI-assisted design workflows**. Strong collaborator experienced in partnering with product leadership, engineers, and cross-functional teams to deliver **production-ready design assets** and scalable digital experiences in fast-paced startup environments.

SKILLS

- **UI Design:** User Interface Design, Interaction Design, Visual Design, Responsive Design, Web & Mobile UI, User-Centered Design
- **Product Experience:** Product Vision, Customer Experience Design, Workflow Optimization, Interaction Flows, Design Strategy
- **Design Systems:** Design Systems, Component Libraries, Design Tokens, Cross-Platform Consistency, Scalable UI Systems
- **Design Tools:** Figma, Framer, Adobe Creative Suite, Adobe Photoshop, Adobe Illustrator, FigJam, Miro
- **AI & Emerging Tools:** Cursor, Claude Code, ChatGPT, AI-Assisted Design Workflows, Rapid Ideation, Design-to-Code Workflows
- **Prototyping & Motion:** Interactive Prototypes, High-Fidelity Mockups, Framer Motion, Rapid Prototyping, Motion Design
- **Front-End Collaboration:** HTML, CSS, React Basics, Engineering Handoff, Agile Workflow Support
- **Research & Optimization:** User Research, Usability Testing, Interface Optimization, Behavioral Analysis, Data-Driven Iteration
- **Startup Product Design:** Consumer Technology Products, Product Refinement, Early-Stage Startup Environments, Product Ownership
- **Collaboration & Execution:** Cross-Functional Collaboration, Product Team Collaboration, Stakeholder Communication, Fast-Paced Environments
- **Accessibility & Standards:** Accessibility Standards, Inclusive Design, Interface Consistency, Visual Hierarchy

EXPERIENCE

CX by Design | *UI Designer Intern* | New York, NY Sept 2025 – Dec 2025

- Designed end-to-end user interfaces across AI-native and enterprise platforms improving usability, workflow efficiency, and customer engagement
- Shipped 5+ high-impact product features from concept to implementation improving adoption through iteration and usability-focused enhancements
- Built scalable Figma component libraries, design systems, and visual style guides improving consistency and implementation workflows
- Created interactive Framer prototypes, high-fidelity mockups, and motion interactions supporting rapid validation and product development
- Integrated AI-assisted workflows using Cursor, Claude Code, and ChatGPT accelerating ideation, prototyping, and interface iteration
- Collaborated with product leadership and engineers to refine product vision and deliver production-ready design assets aligned with business goals

MyRentalSpot | *UI Designer Intern* | Orinda, CA Aug 2025 – Sept 2025

- Improved customer workflows through usability testing, iteration, and UI optimization strategies increasing engagement and operational efficiency
- Designed responsive interfaces, user flows, and prototypes optimized for intuitive web and mobile experiences
- Conducted user interviews and behavioral analysis identifying usability gaps and improving customer-focused interfaces
- Created production-ready Figma specifications and Framer prototypes accelerating stakeholder approvals and engineering collaboration

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY Jan 2025 – Present

- Facilitated collaborative workshops and innovation sessions accelerating concept development and creative problem solving
- Produced journey maps, rapid prototypes, and interactive concepts supporting user-centered and startup-focused product initiatives
- Collaborated with multidisciplinary teams to develop visually compelling and scalable digital experiences

Lighthouse Info System Pvt. Ltd | *Associate UI Designer* | Nagpur, India June 2024 – Aug 2024

- Designed intuitive dashboards, workflows, and consumer-focused interfaces improving usability and operational efficiency across enterprise platforms
- Built advanced Framer prototypes, interactive mockups, and scalable design systems supporting rapid validation and interface optimization
- Conducted stakeholder interviews, usability testing, and heuristic evaluations identifying workflow inefficiencies and improving interface usability
- Developed reusable UI patterns, scalable component systems, and accessibility-focused standards improving consistency and scalability
- Collaborated with engineering and product teams to align UI strategy with technical feasibility and customer expectations

Phoenixzone Technologies Pvt. Ltd | *Junior UI Designer* | Pune, India Jan 2024 – June 2024

- Designed 20+ responsive interfaces and interaction flows improving usability, accessibility, and customer engagement across digital platforms
- Created wireframes, high-fidelity mockups, and interactive prototypes using Figma, Framer, and React-based design systems
- Defined motion systems and micro-interactions improving visual feedback and interface consistency across user experiences
- Collaborated with developers and product teams in agile sprints to deliver scalable and visually compelling digital products

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
