PROFESSIONAL SUMMARY

UX/UI Expert with 2+ years of experience designing intuitive, **user-centered digital experiences** for enterprise, analytics, AI-native, and data-driven platforms. Specialized in **end-to-end UX strategy**, workflow optimization, **dashboard usability**, and **scalable design systems** across complex enterprise applications. Proven ability to translate technical requirements, reporting workflows, and business objectives into visually compelling and highly functional interfaces improving usability, accessibility, operational efficiency, and user engagement. Advanced proficiency in **Figma**, **Framer**, Adobe XD, **usability testing**, wireframing, interactive prototyping, and **UX research** methodologies. Strong cross-functional collaborator experienced in partnering with engineering, analytics, and leadership teams to deliver secure, scalable, and **mission-focused digital experiences** aligned with organizational objectives.

SKILLS

- **UX/UI Design:** User-Centered Design, User Flows, Journey Mapping, Information Architecture, Interaction Design, Responsive Design, Dashboard UX, Enterprise UX
- **Research & Validation:** User Research, Stakeholder Interviews, Usability Testing, Heuristic Evaluation, Behavioral Analysis, Accessibility Standards, UX Audits
- **Design Systems:** Component Libraries, Design Specifications, Style Guides, Scalable Design Systems, Cross-Platform Consistency, UI Standards
- **Design Tools:** Figma, Framer, Adobe XD, Adobe Photoshop, Adobe Illustrator, Sketch, FigJam, Miro
- **Prototyping & Visualization:** Interactive Prototypes, High-Fidelity Mockups, Wireframing, Rapid Prototyping, Visualization, UX Presentations
- **Data & Analytics UX:** Data Presentation, Reporting Workflows, Analytics Dashboards, Workflow Optimization, Data Validation, UI Auditing
- **Enterprise & Cyber UX:** Enterprise Platforms, Cybersecurity UX, Mission-Critical Workflows, Secure UX Design, Complex Systems Design
- **Front-End Collaboration:** HTML, CSS, React Basics, Design-to-Development Collaboration, Agile Workflow Support, Technical Feasibility
- **Problem Solving & Strategy:** UX Strategy, Workflow Optimization, Technical Problem Solving, UX Improvements, Data-Driven Design, Workflow Analysis
- **Collaboration & Execution:** Cross-Functional Collaboration, Stakeholder Communication, Organizational Skills, Fast-Paced Teams, Collaboration

EXPERIENCE

- CX by Design | UX/UI Designer Intern** | New York, NY **Sept 2025 – Dec 2025**
- Designed end-to-end UX/UI experiences across enterprise and AI-native platforms improving usability, workflow efficiency, and user engagement
 - Shipped 5+ high-impact product features from concept to implementation improving adoption through iteration and usability-focused enhancements
 - Built scalable Figma component libraries, design specifications, and style guides improving cross-platform consistency and implementation workflows
 - Created interactive Framer prototypes, journey maps, wireframes, and high-fidelity mockups supporting validation and implementation workflows
 - Applied user research, usability testing, UI audits, and heuristic evaluation to improve workflows, dashboard usability, and operational accuracy
- MyRentalSpot | UX/UI Designer Intern** | Orinda, CA **Aug 2025 – Sept 2025**
- Improved customer workflows through usability testing, iteration, and UX optimization strategies increasing engagement and operational efficiency
 - Designed responsive wireframes, user flows, journey maps, and prototypes optimized for intuitive enterprise and analytics-focused experiences
 - Conducted user interviews, behavioral analysis, and heuristic evaluations identifying usability gaps and improving customer-focused interfaces
 - Created production-ready Figma specifications and interactive Framer prototypes accelerating stakeholder approvals and engineering collaboration
- NYC Design Factory | Design and Innovation Volunteer** | New York, NY **Jan 2025 – Present**
- Facilitated collaborative workshops and innovation sessions accelerating concept development and workflow problem solving
 - Produced journey maps, user flows, and rapid prototypes supporting mission-focused and data-driven product initiatives
 - Collaborated with multidisciplinary teams to develop intuitive and visually compelling user-centered experiences
- Lighthouse Info System Pvt. Ltd | Associate UX/UI Designer** | Nagpur, India **June 2024 – Aug 2024**
- Designed intuitive dashboards, reporting workflows, and data-driven interfaces improving usability and operational efficiency across enterprise platforms
 - Built advanced Framer prototypes and high-fidelity mockups supporting rapid validation, usability testing, and workflow optimization
 - Conducted stakeholder interviews, contextual inquiry, and heuristic evaluations identifying workflow inefficiencies and improving interface usability
 - Developed scalable design systems, reusable UI patterns, and accessibility-focused standards improving consistency and cross-platform scalability
 - Performed UI audits and validated dashboard data presentation ensuring consistency, clarity, compliance, and reporting accuracy across interfaces
 - Collaborated with engineering, analytics, and business teams to align UX strategy with technical feasibility and reporting requirements
- Phoenixzone Technologies Pvt. Ltd | Junior UX/UI Designer** | Pune, India **Jan 2024 – June 2024**
- Designed 20+ responsive user flows and interactive interfaces improving usability, accessibility, and reporting efficiency across enterprise applications
 - Created wireframes, high-fidelity mockups, and interactive prototypes using Figma, Framer, and React to validate workflows and interface behaviors
 - Collaborated with developers and product teams in agile sprints to deliver scalable UI patterns and mission-focused digital experiences

EDUCATION

Pace University, New York | *MS in Human Centered Design*
G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2024 – Dec 2025
Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
