PROFESSIONAL SUMMARY

User Experience Designer with 2+ years of experience designing intuitive, data-driven, and **user-centered experiences** for enterprise, AI-powered, and complex technical platforms. Specialized in **wireframing, interaction design, usability testing, rapid prototyping, and scalable design systems** across web and software applications. Proven ability to translate technical workflows, operational constraints, and user behaviors into visually compelling and highly functional interfaces improving usability, workflow efficiency, accessibility, and customer engagement. Advanced proficiency in Figma, Framer, Adobe XD, Sketch, and interactive prototyping tools. Strong **cross-functional collaborator** experienced in partnering with UX researchers, engineers, and product managers to deliver seamless user experiences aligned with business and technical goals.

SKILLS

- **UX Research & Design:** User-Centered Design, User Research, User Flows, Journey Mapping, Information Architecture, Interaction Design, Responsive Design
- **Research & Validation:** Contextual Inquiry, Usability Testing, Heuristic Evaluation, Behavioral Analysis, Accessibility Standards, Prototype Validation
- **Wireframing & Prototyping:** Wireframes, Interactive Prototypes, High-Fidelity Mockups, Rapid Prototyping, Concept Visualization, Interactive Components
- **Design Systems:** Design Systems, Component Libraries, Style Guides, Design Tokens, Cross-Platform Consistency, Scalable UI Systems
- **Design Tools:** Figma, Framer, Adobe XD, Sketch, InVision, Adobe Photoshop, Adobe Illustrator, FigJam, Miro
- **Complex Systems UX:** Robotics Interfaces, Supply Chain UX, Data-Driven Interfaces, Technical Workflows, Workflow Optimization, Enterprise UX
- **Visualization & Interaction:** Motion Design, Micro-Interactions, Visual Communication, UX Presentations, Interface Consistency
- **Accessibility & Standards:** WCAG Accessibility Standards, Inclusive Design, Usability Optimization, Accessibility-Focused Interfaces
- **Development Collaboration:** HTML, CSS, React Basics, Design-to-Development Collaboration, Agile Workflow Support
- **Collaboration & Execution:** Cross-Functional Collaboration, Stakeholder Communication, Fast-Paced Environments, Product Strategy Alignment

EXPERIENCE

CX by Design | *UX Designer Intern* | New York, NY

Sept 2025 – Dec 2025

- Designed end-to-end UX experiences across enterprise and AI-powered platforms improving usability, workflow efficiency, and customer engagement
- Shipped 5+ high-impact product features from concept to implementation improving adoption through iteration and usability-focused enhancements
- Built scalable Figma component libraries, design systems, and style guides improving cross-platform consistency and implementation workflows
- Created wireframes, journey maps, interactive Framer prototypes, and high-fidelity mockups supporting validation and rapid product development
- Applied user research, usability testing, heuristic evaluation, and stakeholder feedback to improve interface usability and workflow optimization
- Collaborated with UX researchers, engineers, and product managers to align UX strategy with technical requirements and operational goals

MyRentalSpot | *UX Designer Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Improved customer workflows through usability testing, iteration, and UX optimization strategies increasing engagement and operational efficiency
- Designed responsive wireframes, user flows, personas, and prototypes optimized for intuitive web and enterprise experiences
- Conducted user interviews, behavioral analysis, and heuristic evaluations identifying usability gaps and improving customer-focused interfaces
- Created production-ready Figma specifications and interactive prototypes accelerating stakeholder approvals and engineering collaboration

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops and innovation sessions accelerating concept development and creative problem solving
- Produced journey maps, rapid prototypes, and interaction concepts supporting user-centered and innovation-driven product initiatives
- Collaborated with multidisciplinary teams to develop intuitive and visually compelling digital experiences

Lighthouse Info System Pvt. Ltd | *Associate UX Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed intuitive dashboards, workflows, and data-driven interfaces improving usability and operational efficiency across enterprise platforms
- Built advanced Framer prototypes, interactive mockups, and design systems supporting rapid validation and workflow optimization
- Conducted contextual inquiry, stakeholder interviews, and usability testing identifying workflow inefficiencies and improving interface usability
- Developed reusable UI patterns, scalable component systems, and accessibility-focused standards improving consistency and scalability
- Collaborated with engineering, analytics, and product teams to align UX strategy with technical feasibility and customer expectations

Phoenixzone Technologies Pvt. Ltd | *Junior UX Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive user flows and interactive interfaces improving usability, accessibility, and workflow efficiency across digital platforms
- Created wireframes, high-fidelity mockups, and interactive prototypes using Figma, Framer, and React-based design systems
- Defined motion systems and micro-interactions improving visual feedback and user interaction consistency across interfaces
- Collaborated with developers and product teams in agile sprints to deliver scalable and user-centered digital experiences

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
