PROFESSIONAL SUMMARY

UI/UX Designer with 4+ years of experience designing **SaaS applications, mobile products**, and user-centered digital experiences across B2B and B2C platforms. Skilled in **UX/UI design, graphic design, user research, usability testing, wireframing, prototyping**, and translating business requirements into intuitive experiences improving usability, engagement, and operational efficiency. Experienced collaborating with product, marketing, engineering, and cross-functional stakeholders to deliver end-to-end design solutions from discovery through implementation. Strong expertise in **Figma, Adobe Creative Cloud, design systems, style guides**, interaction design, visual design, analytics-informed optimization, AI-assisted design workflows, and scalable web and mobile experiences supporting business growth and brand consistency.

SKILLS

- **UX/UI Design & Product Strategy:** UX design, UI design, interaction design, user-centered design, digital product experiences, product strategy
- **Wireframing & Prototyping:** User flows, wireframes, mockups, interactive prototypes, high-fidelity designs, workflow optimization
- **User Research & Usability Testing:** User research, usability testing, user feedback analysis, design validation, UX improvements
- **Visual Design & Graphic Design:** Typography, color theory, layout design, visual hierarchy, branding, graphic design systems
- **Adobe Creative Cloud & Figma:** Figma, Adobe Illustrator, Photoshop, InDesign, creative asset development, visual production
- **Design Systems & Style Guides:** Design systems, style guides, component libraries, reusable patterns, design documentation
- **Web & Mobile Application Design:** Responsive design, web applications, mobile applications, cross-platform digital experiences
- **SaaS Product Design & Workflows:** B2B SaaS, B2C software, enterprise workflows, customer-facing product experiences
- **Analytics & Testing Tools:** Hotjar, usability analytics, user behavior analysis, performance insights, design optimization
- **HTML/CSS & React Collaboration:** HTML, CSS, React component structures, frontend collaboration, implementation support
- **Cross-Functional Collaboration:** Product teams, marketing teams, developers, stakeholders, design reviews, workshops
- **Project Management & Delivery:** Multiple projects, prioritization, deadline management, workflow optimization, execution
- **Visual Consistency & Branding:** Brand identity, templates, visual standards, brand guidelines, cohesive experiences
- **Presentation & Communication:** Design storytelling, stakeholder presentations, design rationale, feedback incorporation
- **AI-Assisted Design Workflows:** AI-assisted workflows, rapid prototyping, iterative design processes, scalable optimization

EXPERIENCE

CX by Design | UI/UX Designer Intern | New York, NY

Sept 2025 – Dec 2025

- Designed end-to-end SaaS and digital product experiences improving usability, engagement, and workflow efficiency across customer-facing platforms.
- Created wireframes, mockups, interactive prototypes, and high-fidelity Figma designs translating business goals into scalable user experiences.
- Conducted user research, usability testing, behavioral analysis, and iterative design improvements increasing product effectiveness.
- Developed design systems, style guides, reusable components, and visual standards improving brand consistency and implementation quality.
- Collaborated with product, marketing, engineering, and stakeholder teams aligning user needs with business objectives.
- Contributed AI-assisted workflows, analytics-informed design optimization, and scalable UX processes improving execution efficiency.

MyRentalSpot | UX/UI Product Design Intern | Orinda, CA

Aug 2025 – Sept 2025

- Developed responsive web and mobile experiences improving onboarding efficiency, usability, and interaction consistency.
- Built high-fidelity Figma prototypes, scalable interaction systems, and customer-focused workflows validating experiences before launch.
- Conducted usability evaluations, customer feedback analysis, and UX refinements improving accessibility and engagement quality.
- Collaborated with developers, stakeholders, and product teams delivering production-ready design systems and implementation workflows.
- Supported rapid iteration cycles, UX validation, usability testing, and feature refinement enhancing deployment quality.

NYC Design Factory | Design and Innovation Volunteer | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops and ideation sessions supporting innovative digital experiences and scalable product solutions.
- Developed workflow analyses, interaction concepts, and communication assets translating user needs into functional software experiences.
- Collaborated with cross-functional teams aligning customer journeys, usability goals, and product innovation initiatives.

Lighthouse Info System Pvt. Ltd | Associate UI/UX Designer | Nagpur, India

June 2024 – Aug 2024

- Designed responsive dashboards, SaaS workflows, and customer-centered digital experiences improving usability and communication quality.
- Conducted stakeholder discussions, usability evaluations, workflow analyses, and design reviews identifying opportunities for UX optimization.
- Built reusable layouts, design systems, wireframes, prototype-ready assets, and scalable interaction workflows supporting consistency.
- Created UX documentation, style guides, QA systems, and visual standards reducing inconsistencies across implementations.
- Collaborated with engineering teams refining interaction systems, accessibility workflows, and scalable software experiences.

Phoenixzone Technologies Pvt. Ltd | Junior UI/UX Designer | Pune, India

Jan 2024 – June 2024

- Designed 20+ digital product experiences and scalable UX systems improving engagement, usability, and interaction performance.
- Created wireframes, prototypes, scalable UI components, visual assets, and interaction systems supporting rapid product delivery.
- Partnered directly with developers and stakeholders translating business requirements into scalable B2B and B2C solutions.
- Leveraged AI-assisted workflows accelerating research synthesis, design iteration, validation processes, and implementation efficiency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Raison College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
 - Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
 - User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
 - Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
- Copyright:** Earthquake Prediction using Quantum Support Vector Machines (QSVM) - January 2024
