PROFESSIONAL SUMMARY

Product Designer with 3+ years of experience creating original product concepts, branded design solutions, and customer-focused visual experiences across product, **graphic**, and digital design environments. Skilled in **concept development**, branding, identity design, typography, color theory, **trend research**, and translating customer preferences into commercially successful design solutions. Experienced collaborating with designers, stakeholders, and cross-functional teams throughout brainstorming, concept development, design execution, critique, and production workflows. Strong expertise in **Adobe Creative Cloud**, visual storytelling, design systems, market analysis, product specifications, project management, AI-assisted creative workflows, and scalable design solutions supporting quality-driven product development.

SKILLS

- **Product Design & Concept Development:** Concept development, brainstorming, design execution, product ideation, creative solutions, innovation
- **Graphic Design & Branding:** Graphic design, branding, brand identity, visual communication, brand consistency, customer-focused design
- **Adobe Creative Cloud:** Adobe Illustrator, Photoshop, InDesign, Acrobat, creative production, digital asset development
- **Typography & Layout Design:** Typography, layout design, composition, visual hierarchy, balance, presentation design
- **Color Theory & Visual Systems:** Color theory, visual systems, brand standards, design aesthetics, creative direction
- **Identity Design & Brand Strategy:** Identity design, brand positioning, customer preferences, design alignment, visual storytelling
- **Trend Research & Market Analysis:** Trend forecasting, market research, competitive analysis, consumer insights, benchmark evaluation
- **Product Specifications & Documentation:** Product specifications, fabrication references, color standards, production documentation
- **Design Execution & Quality Control:** Design reviews, revisions, quality assurance, production accuracy, design compliance
- **Print & Digital Design Assets:** Marketing materials, promotional assets, print graphics, digital graphics, campaign support
- **Project Management & Organization:** Project management, workload prioritization, deadline management, file organization, workflow efficiency
- **Cross-Functional Collaboration:** Designers, stakeholders, sales teams, production teams, customer collaboration, communication
- **Customer-Centered Design:** Customer preferences, product customization, user needs, design refinement, customer satisfaction
- **Creative Problem Solving:** Critical thinking, solution development, design innovation, process improvement, creative execution
- **AI-Assisted Design Workflows:** AI-assisted workflows, rapid ideation, creative exploration, scalable design optimization

EXPERIENCE

- CX by Design | Product Designer Intern** | New York, NY **Sept 2025 – Dec 2025**
- Developed original product concepts, branded visual assets, and customer-focused design solutions improving engagement and brand consistency.
 - Translated customer requirements into creative concepts, design directions, and production-ready deliverables supporting business objectives.
 - Created high-quality graphic assets, visual systems, and branded experiences strengthening product presentation and market appeal.
 - Conducted trend research, competitive analysis, and design exploration identifying opportunities for innovation and differentiation.
 - Collaborated with stakeholders and creative teams refining concepts through iterative reviews, critique sessions, and design validation.
 - Contributed AI-assisted creative workflows, design documentation, and scalable production processes improving efficiency and quality.
- MyRentalSpot | Product Designer Intern** | Orinda, CA **Aug 2025 – Sept 2025**
- Developed branded visual concepts and customer-facing design solutions improving communication quality and visual consistency.
 - Created presentation-ready graphics, layouts, and design assets supporting marketing and business initiatives.
 - Applied typography, composition, color theory, and visual hierarchy principles producing polished and professional deliverables.
 - Collaborated with stakeholders incorporating feedback and revisions improving overall design quality and execution.
 - Supported rapid design iterations, asset production, and project delivery within tight timelines and evolving requirements.
- NYC Design Factory | Design and Innovation Volunteer** | New York, NY **Jan 2025 – Present**
- Facilitated collaborative workshops and ideation sessions supporting innovative customer experiences and scalable service solutions.
 - Developed workflow analyses, journey maps, and communication assets translating user needs into actionable design opportunities.
 - Collaborated with cross-functional teams aligning customer journeys, usability goals, and innovation initiatives.
- Lighthouse Info System Pvt. Ltd | Associate Product Designer** | Nagpur, India **June 2024 – Aug 2024**
- Designed branded visual experiences, presentation assets, and customer-centered design solutions improving communication effectiveness.
 - Conducted market analysis, design research, and trend evaluations informing creative decisions and design direction.
 - Created reusable layouts, visual systems, product concepts, and production-ready assets supporting consistency and quality standards.
 - Produced detailed design documentation, asset libraries, and organizational systems improving workflow efficiency and accessibility.
 - Collaborated with stakeholders refining designs through critique, revisions, and continuous quality improvement processes.
- Phoenixzone Technologies Pvt. Ltd | Junior Product Designer** | Pune, India **Jan 2024 – June 2024**
- Designed 20+ branded visual experiences and creative solutions improving engagement, presentation quality, and customer perception.
 - Created graphic assets, product concepts, layouts, and visual communication materials supporting multiple client initiatives.
 - Partnered with stakeholders translating customer preferences and project requirements into impactful design outcomes.
 - Leveraged AI-assisted creative workflows accelerating concept generation, design refinement, and production efficiency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*
G.H. Raisoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2024 – Dec 2025
Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
 - Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
 - User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
 - Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
- Copyright:** Earthquake Prediction using Quantum Support Vector Machines (QSVM) - January 2024
