PROFESSIONAL SUMMARY

Lead Web Specialist with 3+ years of experience developing, maintaining, and optimizing **responsive marketing and e-commerce websites** across **WordPress, Shopify, WooCommerce**, and CMS-driven digital platforms. Skilled in **HTML, CSS, JavaScript, PHP, MySQL**, UX-focused implementation, and translating **Figma-based design systems** into scalable, high-performance web experiences improving engagement, accessibility, **SEO performance**, and **conversion optimization**. Experienced collaborating with marketing, digital, account management, design, and engineering teams to streamline workflows, optimize deployment processes, improve QA operations, and support large-scale website initiatives within fast-paced agency environments. Strong expertise in **WordPress, Shopify, BigCommerce, Figma, Klaviyo, Mailchimp**, responsive web systems, **project scoping**, technical troubleshooting, **workflow optimization**, and AI-assisted development workflows supporting scalable digital operations.

SKILLS

- Web Development & Maintenance:** Website maintenance, responsive web systems, scalable development, deployment workflows, troubleshooting
- WordPress & Shopify Platforms:** WordPress, Shopify, WooCommerce, BigCommerce, CMS-driven systems, e-commerce platforms
- HTML, CSS, JavaScript & PHP:** HTML, CSS, JavaScript, PHP, responsive layouts, front-end implementation, technical refinement
- Database & Technical Systems:** MySQL, scalable architecture, performance optimization, deployment systems, technical troubleshooting
- Figma & UX Implementation:** Figma, UX/UI implementation, responsive interfaces, design systems, customer-focused experiences
- Email & Marketing Integrations:** Klaviyo, Mailchimp, marketing integrations, customer engagement systems, campaign optimization
- SEO & Performance Optimization:** SEO optimization, accessibility standards, responsive performance, website optimization, QA workflows
- Project Scoping & Workflow Management:** Project scoping, timeline estimation, resource planning, workflow optimization
- Cross-Functional Collaboration:** Marketing collaboration, design coordination, IT communication, account management alignment
- Quality Assurance & Documentation:** Visual QA, technical documentation, asset organization, deployment standards, implementation consistency
- Agency & Client Support:** Creative agency collaboration, client-focused execution, scalable workflows, technical support systems
- Mentorship & Development Standards:** Knowledge sharing, workflow leadership, code review support, development standards
- AI-Assisted Development Workflows:** AI-assisted workflows, scalable optimization, workflow acceleration, rapid implementation refinement
- Communication & Problem Solving:** Technical communication, analytical problem-solving, stakeholder presentations, collaborative execution

EXPERIENCE

CX by Design | Lead Web Designer Intern | New York, NY

Sept 2025 – Dec 2025

- Managed high-traffic marketing websites and digital systems improving engagement, usability, SEO, and visual consistency across campaigns.
- Built and optimized WordPress and Shopify web experiences using HTML, CSS, JavaScript, PHP, and responsive systems supporting polished customer-facing platforms.
- Translated Figma wireframes, UX concepts, and design systems into web assets improving implementation quality and deployment speed.
- Collaborated with marketing, digital, IT, and cross-functional stakeholders aligning web experiences with branding goals and customer journeys.
- Led QA reviews, content audits, troubleshooting initiatives, and workflow optimizations reducing inconsistencies across large-scale deployment cycles.
- Produced scalable documentation systems, organized workflows, and AI-assisted optimization processes supporting efficient web operations.

MyRentalSpot | Web Development & E-Commerce Intern | Orinda, CA

Aug 2025 – Sept 2025

- Developed responsive WordPress and Shopify layouts, CMS-ready assets, and scalable e-commerce systems improving usability and conversion-focused customer experiences.
- Built high-fidelity Figma layouts, landing pages, promotional assets, and responsive systems validating implementation consistency before launch.
- Supported HTML, CSS, JavaScript, and PHP refinements improving responsiveness, functionality, and customer interaction quality across platforms.
- Collaborated with developers, marketers, and stakeholders delivering production-ready systems, scalable deployment workflows, and organized technical documentation.
- Supported rapid website updates, QA testing, troubleshooting workflows, and implementation reviews improving deployment efficiency and site performance.

NYC Design Factory | Design and Innovation Volunteer | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops and digital ideation sessions supporting customer-focused storytelling systems and scalable web experiences.
- Developed workflow analyses, responsive design concepts, and communication assets translating customer needs into functional digital solutions.
- Collaborated with cross-functional teams aligning campaign goals, customer journeys, and branding consistency initiatives.

Lighthouse Info System Pvt. Ltd | Associate Web Designer | Nagpur, India

June 2024 – Aug 2024

- Designed responsive dashboards, scalable web systems, and branded digital experiences improving usability, accessibility, and communication quality.
- Conducted stakeholder discussions and evaluations identifying opportunities for workflow optimization, layout consistency, and improved functionality.
- Built reusable layouts, CMS-ready assets, responsive design systems, and scalable content workflows supporting implementation consistency.
- Created technical documentation, deployment guidelines, and QA systems reducing inconsistencies across workflows and digital operations.
- Collaborated with engineering and marketing teams refining customer-focused interfaces, scalable web systems, and responsive digital experiences.

Phoenixzone Technologies Pvt. Ltd | Junior Web Developer | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive marketing websites and scalable digital systems improving customer engagement, functionality, and presentation quality.
- Created landing pages, web graphics, responsive layouts, and scalable assets supporting rapid deployment and campaign execution workflows.
- Partnered directly with developers and stakeholders translating marketing requirements into scalable web content and digital storytelling systems.
- Leveraged AI-assisted workflows accelerating troubleshooting, layout optimization, and scalable website validation processes.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
