PROFESSIONAL SUMMARY

Associate UX Designer with 2+ years of experience designing responsive web applications, **donor-focused digital experiences**, and **enterprise product workflows** across customer-facing platforms. Skilled in wireframing, interaction design, usability testing, workflow mapping, and translating customer behaviors into intuitive **end-to-end user experiences**. Experienced collaborating with product owners, analysts, developers, and cross-functional teams during Agile sprints to improve usability, accessibility, workflow efficiency, and interface consistency across enterprise environments. Strong expertise in **Figma**, **design systems**, **UX research**, user flows, accessibility standards, prototyping, and developer handoff documentation supporting scalable **human-centered digital experiences**.

SKILLS

- **UX Design & Research:** UX design, user research, customer journeys, empathy mapping, user behaviors, usability testing, research synthesis
- **Wireframing & Prototyping:** Wireframes, sketches, mockups, interactive prototypes, workflow mapping, interface design, user flows
- **End-to-End User Experience:** Customer experiences, donor workflows, advisor experiences, enterprise platforms, user-centered design, consistency
- **Figma & Design Systems:** Figma, auto layout, components, variants, design systems, scalable UI systems, UI specifications
- **Interaction & Information Architecture:** Information architecture, interaction design, navigation clarity, workflow efficiency, interaction patterns
- **Research & Testing:** Qualitative insights, usability testing, workflow analysis, iterative UX improvements, prototype validation, accessibility
- **Accessibility & Inclusive Design:** Accessibility standards, responsive behaviors, usability consistency, inclusive design, human-centered experiences
- **Agile & Cross-Functional Collaboration:** Agile workflows, sprint collaboration, stakeholder communication, product alignment, design critiques
- **Documentation & Developer Handoff:** UX documentation, annotated specifications, interface mappings, developer handoff, workflow artifacts
- **Visual Design & Communication:** Typography, hierarchy, spacing, visual consistency, design rationale, stakeholder presentations, communication
- **Product Collaboration & Delivery:** Product owners, analysts, developers, implementation support, sprint execution, implementation readiness
- **Creative Problem Solving:** Curiosity, ideation, workflow optimization, customer-focused thinking, scalable UX solutions, design thinking
- **User Experience Strategy:** End-to-end experiences, customer motivations, user behaviors, feature consistency, product experience design
- **Portfolio & UX Artifacts:** STAR method, design rationale, product artifacts, flow documentation, presentation storytelling, UX case studies

EXPERIENCE

- CX by Design | UX Design Intern** | New York, NY **Sept 2025 – Dec 2025**
- Designed responsive enterprise web applications and customer-focused product experiences improving usability and workflow clarity across platforms.
 - Built wireframes, user flows, sketches, mockups, and high-fidelity prototypes translating customer needs into scalable user-centered interfaces.
 - Created reusable Figma components, scalable design systems, and UI specifications supporting consistent end-to-end product experiences.
 - Collaborated with product owners, analysts, developers, and cross-functional teams during Agile sprints refining workflows and interaction behaviors.
 - Conducted usability testing, workflow analysis, and UX research synthesis identifying friction points and improving customer task completion.
 - Produced annotated specifications, developer handoff documentation, and implementation-ready assets supporting scalable product delivery.
- MyRentalSpot | UX Design Intern** | Orinda, CA **Aug 2025 – Sept 2025**
- Redesigned onboarding workflows and responsive product experiences improving usability across customer-facing digital platforms.
 - Built high-fidelity Figma and Framer prototypes validating interaction states, workflow scalability, and interface consistency before development.
 - Conducted usability testing and synthesized qualitative findings into actionable UX improvements reducing friction across end-to-end user journeys.
 - Collaborated with engineering teams delivering UI specifications, responsive layouts, accessibility reviews, and QA documentation improving implementation readiness.
 - Contributed reusable Figma components and scalable interaction patterns supporting design consistency across responsive product experiences.
- NYC Design Factory | Design and Innovation Volunteer** | New York, NY **Jan 2025 – Present**
- Facilitated workshops, journey mapping sessions, and rapid ideation exercises supporting customer-centered product experiences and workflows.
 - Developed wireframes, prototypes, interaction models, and UX concepts translating business challenges into scalable workflow solutions.
 - Collaborated with cross-functional teams aligning user needs, workflow goals, and interaction patterns across product experiences.
- Lighthouse Info System Pvt. Ltd | Associate UX Designer** | Nagpur, India **June 2024 – Aug 2024**
- Designed responsive dashboards, operational interfaces, and enterprise workflows improving usability, hierarchy, and customer interaction clarity.
 - Conducted stakeholder interviews and workflow sessions identifying user behaviors, operational requirements, and friction informing UX solutions.
 - Built high-fidelity interfaces, reusable components, scalable layouts, and design system patterns supporting enterprise workflow consistency.
 - Created UX documentation, QA checklists, interaction patterns, and implementation guidelines reducing inconsistencies and engineering ambiguity.
 - Collaborated with cross-functional teams refining user flows, interface consistency, and end-to-end workflow experiences across enterprise platforms.
- Phoenixzone Technologies Pvt. Ltd | Junior UX Designer** | Pune, India **Jan 2024 – June 2024**
- Designed 20+ responsive web and mobile product flows improving navigation clarity, workflow efficiency, and usability across digital platforms.
 - Created wireframes, prototypes, operational interfaces, and interaction states focused on scalable UX systems and customer usability optimization.
 - Partnered directly with developers during sprint cycles refining implementation feasibility, responsive behaviors, and workflow interactions.
 - Leveraged AI-assisted prototyping workflows accelerating rapid UX iteration, interface exploration, and scalable design validation.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

G.H. Raison College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2024 – Dec 2025

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
 - Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
 - User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
 - Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
- Copyright:** Earthquake Prediction using Quantum Support Vector Machines (QSVM) - January 2024
