PROFESSIONAL SUMMARY

UI/UX Developer with 3+ years of experience designing enterprise applications, CRM platforms, workflow-driven interfaces, and data-focused digital experiences across web and business systems. Skilled in UX/UI design, workflow optimization, dashboard design, reporting experiences, usability testing, wireframing, prototyping, and translating complex business requirements into intuitive user experiences improving adoption, efficiency, and decision-making. Experienced collaborating with business stakeholders, product teams, engineers, and cross-functional partners to deliver scalable enterprise solutions from discovery through implementation. Strong expertise in Salesforce ecosystems, Experience Cloud concepts, CRM workflows, dashboard design, data visualization, Figma, reporting interfaces, AI-assisted design workflows, and scalable interaction systems supporting enterprise productivity and operational effectiveness.

SKILLS

- **Salesforce UX & CRM Design:** Salesforce workflows, CRM experiences, Experience Cloud concepts, Sales Cloud concepts, enterprise UX
- **Workflow Design & Optimization:** Workflow mapping, process improvement, task efficiency, business operations, user-centered workflows
- **Dashboard & Reporting Design:** Dashboard design, reporting interfaces, KPI visualization, business intelligence, operational insights
- **Data Visualization & Analytics:** Data visualization, analytics dashboards, reporting usability, information hierarchy, decision support
- **UX/UI Design & Prototyping:** UX design, UI design, wireframing, prototyping, interaction design, user flows
- **Enterprise Application Design:** Enterprise platforms, business applications, operational systems, workflow-driven experiences
- **User Research & Validation:** Usability testing, stakeholder interviews, workflow evaluations, feedback analysis, UX refinement
- **Figma & Design Systems:** Figma, component libraries, scalable design systems, design consistency, reusable patterns
- **Information Architecture:** Navigation systems, content organization, workflow structures, task optimization, usability improvements
- **Cross-Functional Collaboration:** Business teams, technical teams, stakeholder alignment, requirements gathering, workshop facilitation
- **Presentation & Communication:** Design storytelling, stakeholder presentations, UX rationale, collaborative reviews
- **Agile Product Development:** Agile workflows, sprint collaboration, iterative development, implementation support
- **Documentation & Process Design:** UX documentation, workflow documentation, design standards, operational consistency
- **AI-Assisted Design Workflows:** AI-assisted workflows, rapid prototyping, design iteration, scalable optimization
- **Problem Solving & Innovation:** Strategic thinking, enterprise solutions, complex problem solving, customer-focused experiences

EXPERIENCE

CX by Design | UI/UX Developer *Intern* | New York, NY Sept 2025 – Dec 2025

- Designed enterprise workflows, dashboard experiences, and reporting interfaces improving usability, operational efficiency, and decision-making.
- Translated business requirements into wireframes, user flows, prototypes, and high-fidelity Figma designs supporting enterprise initiatives.
- Conducted workflow evaluations, usability testing, stakeholder interviews, and UX analysis identifying opportunities for process optimization.
- Improved reporting usability, dashboard navigation, and data visualization experiences reducing friction across business workflows.
- Collaborated with business stakeholders, engineers, and technical teams aligning operational needs with scalable UX solutions.
- Contributed AI-assisted workflows, design documentation, reusable patterns, and scalable UX systems improving implementation consistency.

MyRentalSpot | UI/UX Product Design *Intern* | Orinda, CA Aug 2025 – Sept 2025

- Developed responsive web and mobile experiences improving onboarding efficiency, usability, and interaction consistency.
- Built high-fidelity Figma prototypes, scalable interaction systems, and workflow-driven user experiences validating solutions before launch.
- Conducted usability evaluations, customer feedback analysis, and UX refinements improving accessibility and engagement quality.
- Collaborated with developers, stakeholders, and product teams delivering production-ready design systems and implementation workflows.
- Supported rapid iteration cycles, workflow optimization, UX validation, and usability testing enhancing deployment quality.

NYC Design Factory | Design and Innovation *Volunteer* | New York, NY Jan 2025 – Present

- Facilitated collaborative workshops and ideation sessions supporting innovative workflow solutions and scalable enterprise experiences.
- Developed workflow analyses, dashboard concepts, and communication assets translating business needs into functional software solutions.
- Collaborated with cross-functional teams aligning operational goals, usability objectives, and process improvement initiatives.

Lighthouse Info System Pvt. Ltd | Associate UX Designer | Nagpur, India June 2024 – Aug 2024

- Designed responsive dashboards, reporting systems, and enterprise experiences improving usability and communication quality.
- Conducted stakeholder discussions, workflow evaluations, usability reviews, and iterative design sessions identifying optimization opportunities.
- Built reusable layouts, scalable design systems, wireframes, dashboard interfaces, and workflow-driven experiences supporting consistency.
- Created UX documentation, design standards, QA systems, and reporting guidelines reducing inconsistencies across implementations.
- Collaborated with engineering teams refining data visualization systems, workflow experiences, and enterprise usability.

Phoenixzone Technologies Pvt. Ltd | Junior UX Designer | Pune, India Jan 2024 – June 2024

- Designed 20+ workflow-driven digital experiences and enterprise UX systems improving usability, efficiency, and engagement.
- Created wireframes, user flows, prototypes, dashboard interfaces, and scalable UI components supporting rapid product delivery.
- Partnered directly with stakeholders translating business requirements into scalable CRM and workflow solutions.
- Leveraged AI-assisted workflows accelerating UX analysis, design iteration, validation processes, and implementation efficiency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)

Copyright: Earthquake Prediction using Quantum Support Vector Machines (QSVM) - January 2024
