PROFESSIONAL SUMMARY

Product Designer with 3+ years of experience designing **user-centered mobile and web experiences** across consumer-focused digital products, responsive platforms, and scalable design systems. Skilled in **UX/UI design, interaction design, usability testing, wireframing, prototyping**, and translating customer motivations and behaviors into intuitive product experiences improving engagement, usability, and conversion performance. Experienced collaborating with product managers, engineers, researchers, and cross-functional stakeholders to drive **end-to-end product design workflows** from product discovery through implementation within agile environments. Strong expertise in **Figma, UserTesting, mobile-first design, design systems**, customer journey optimization, competitive analysis, AI-assisted design workflows, and scalable interaction systems supporting high-quality desktop, mobile web, and mobile application experiences.

SKILLS

- **Product Design & UX Strategy:** End-to-end product design, UX strategy, interaction design, customer-focused experiences, product discovery
- **UX/UI Design & Prototyping:** Wireframes, prototypes, responsive interfaces, mobile-first systems, scalable UX workflows
- **Figma & Design Systems:** Figma, prototyping, design systems, reusable components, UI consistency, scalable interaction systems
- **User Research & Testing:** Usability testing, UserTesting, competitive analysis, customer behavior analysis, UX validation
- **Mobile & Consumer Experiences:** Mobile applications, mobile websites, desktop experiences, responsive platforms, consumer-focused products
- **Interaction & Visual Design:** Interaction systems, visual hierarchy, accessibility awareness, immersive customer experiences, UI refinement
- **Customer Journey Optimization:** User flows, customer journeys, engagement optimization, usability improvement, conversion-focused experiences
- **Cross-Functional Collaboration:** Product collaboration, engineering coordination, stakeholder communication, agile workflows
- **Product Discovery & Vision Setting:** Product discovery, vision-setting, feature refinement, design critiques, customer insights
- **Presentation & Communication:** Executive presentations, stakeholder storytelling, design rationale, feature recommendations, UX communication
- **Workflow & Project Management:** Agile environments, task prioritization, workflow optimization, scalable execution systems
- **AI-Assisted Design Workflows:** AI-assisted workflows, rapid prototyping, scalable optimization, design efficiency improvements
- **Visual QA & Implementation:** QA workflows, responsive implementation, production-ready systems, usability refinement
- **Problem Solving & Innovation:** Strategic thinking, customer-focused solutions, scalable product systems, feature optimization

EXPERIENCE

CX by Design | *Product Design Intern* | New York, NY

Sept 2025 – Dec 2025

- Owned end-to-end product design workflows for responsive consumer-facing features improving usability, engagement, and interaction quality.
- Designed high-fidelity wireframes, scalable prototypes, and responsive interaction systems using Figma supporting polished desktop, mobile web, and mobile application experiences.
- Conducted usability testing, competitive analysis, and customer journey reviews identifying opportunities for stronger engagement and UX improvements.
- Collaborated with product managers, engineers, UX researchers, and stakeholders aligning product decisions with customer needs, business goals, and implementation priorities.
- Presented design tradeoffs, scalable UX solutions, and feature recommendations improving implementation consistency and stakeholder alignment.
- Contributed AI-assisted workflows, scalable design systems, rapid prototyping, and design critiques improving execution efficiency and iteration speed.

MyRentalSpot | *UI/UX Product Design Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Developed responsive web and mobile product experiences improving usability, onboarding efficiency, and interaction consistency across platforms.
- Built high-fidelity Figma prototypes, mobile-first interfaces, and scalable interaction systems validating customer-focused experiences before launch.
- Conducted usability evaluations, customer feedback analysis, and UX refinements improving accessibility, responsiveness, and engagement quality.
- Collaborated with developers, product teams, and stakeholders delivering production-ready design systems and scalable implementation workflows.
- Supported rapid iteration cycles, usability testing, feature refinement, design critiques, and UX improvements enhancing deployment quality and customer satisfaction.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops and ideation sessions supporting innovative customer-focused digital experiences and scalable interaction systems.
- Developed workflow analyses, responsive interface concepts, and communication assets translating customer needs into functional product solutions.
- Collaborated with cross-functional teams aligning customer journeys, design goals, and product experience initiatives.

Lighthouse Info System Pvt. Ltd | *Associate Product Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed responsive product systems, scalable dashboards, and customer-centered digital experiences improving usability and communication quality.
- Conducted stakeholder discussions, usability evaluations, customer journey analyses, and workflow reviews identifying opportunities for stronger functionality and UX optimization.
- Built reusable layouts, scalable UI systems, wireframes, and prototype-ready assets supporting consistency across product development cycles.
- Created technical documentation, UX guidelines, and QA systems reducing inconsistencies across design workflows and implementation operations.
- Collaborated with engineering teams refining interaction systems, customer-focused interfaces, and scalable product experiences.

Phoenixzone Technologies Pvt. Ltd | *Junior Product Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive digital product experiences and scalable UX systems improving engagement, functionality, and interaction performance.
- Created wireframes, prototypes, scalable UI components, mobile-first layouts, and interaction systems supporting rapid deployment workflows.
- Partnered directly with developers and stakeholders translating customer requirements into scalable interaction systems and UX-focused solutions.
- Leveraged AI-assisted workflows accelerating design refinement, usability validation, feature optimization, and scalable product improvements.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
