PROFESSIONAL SUMMARY

Product Manager with 2+ years of experience leading **customer-centered digital products**, UX-driven workflows, and scalable platform experiences across web, mobile, and operational systems. Skilled in **product strategy**, **end-to-end product lifecycle management**, **UX/UI design**, rapid prototyping, and translating customer insights into intuitive product solutions. Experienced collaborating with engineering, QA, marketing, operations, and cross-functional stakeholders to improve workflow efficiency, usability, engagement, and product delivery across fast-paced environments. Strong expertise in **Figma**, **product roadmaps**, **user research**, **PRDs**, design systems, workflow optimization, and implementation-ready product documentation supporting scalable business growth.

SKILLS

- **Product Management & Strategy:** Product management, product strategy, roadmap planning, product lifecycle management, business impact analysis
- **UX/UI & Product Experience:** UX design, UI design, user-centered experiences, customer workflows, intuitive user journeys, workflow optimization
- **Wireframing & Prototyping:** Wireframes, mockups, interactive prototypes, rapid prototyping, high-fidelity UI, production-ready assets
- **Figma & Design Systems:** Figma, auto layout, components, variants, design systems, scalable UI systems, interface consistency
- **Product Documentation & PRDs:** PRDs, use cases, product documentation, business requirements, workflow documentation, implementation planning
- **POS & Operational Platforms:** POS systems, handheld terminals, kiosks, mobile apps, web dashboards, merchant services
- **User Research & Customer Insights:** User research, usability testing, customer feedback analysis, workflow analysis, market research
- **Cross-Functional Collaboration:** Engineering collaboration, QA coordination, stakeholder communication, sprint collaboration, product reviews
- **Product Growth & Optimization:** Customer engagement, workflow efficiency, usability optimization, conversion-focused experiences, retention optimization
- **Marketing & Go-To-Market:** Product positioning, go-to-market strategy, sales enablement, marketing collaboration, product communication
- **Accessibility & Usability:** Accessibility standards, responsive behaviors, interaction clarity, customer-first experiences, usability consistency
- **Creative Problem Solving:** Rapid ideation, scalable workflow solutions, interaction refinement, customer-focused thinking, iterative improvements
- **Fast-Paced Product Development:** Startup environments, rapid iteration, independent execution, ownership mindset, high-velocity workflows
- **Software & Web Technologies:** Responsive web applications, operational dashboards, mobile platforms, implementation workflows, product scalability

EXPERIENCE

- CX by Design | Product Design Intern** | New York, NY **Sept 2025 – Dec 2025**
- Led UX-driven product workflows and scalable digital experiences improving usability, engagement, and workflow efficiency across platforms.
 - Built wireframes, high-fidelity prototypes, and production-ready interfaces translating customer requirements into intuitive product solutions.
 - Created reusable Figma components, scalable design systems, PRDs, and workflow documentation supporting rapid product iteration and delivery.
 - Collaborated with engineering, QA, marketing, operations, and cross-functional teams aligning product execution with customer and business goals.
 - Conducted usability testing, workflow analysis, and customer feedback synthesis identifying friction points and improving engagement outcomes.
 - Produced annotated specifications, implementation-ready assets, and product documentation supporting high-quality product releases.
- MyRentalSpot | Product Design Intern** | Orinda, CA **Aug 2025 – Sept 2025**
- Redesigned onboarding workflows and customer-facing product experiences improving usability and engagement across responsive platforms.
 - Built high-fidelity Figma and Framer prototypes validating workflow scalability, interface responsiveness, and interaction consistency before launch.
 - Conducted usability testing and synthesized qualitative findings into actionable UX improvements reducing friction across user journeys.
 - Collaborated with engineering teams delivering UI specifications, responsive layouts, and documentation improving deployment readiness.
 - Contributed reusable Figma components and scalable interaction systems supporting cohesive customer experiences across products.
- NYC Design Factory | Design and Innovation Volunteer** | New York, NY **Jan 2025 – Present**
- Facilitated ideation workshops and collaborative product sessions supporting innovative customer-centered workflows and scalable solutions.
 - Developed prototypes, interaction models, and UX concepts translating operational challenges into intuitive and scalable design systems.
 - Collaborated with cross-functional teams aligning workflow goals, customer engagement strategies, and product experiences across projects.
- Lighthouse Info System Pvt. Ltd | Associate Product Designer** | Nagpur, India **June 2024 – Aug 2024**
- Designed responsive dashboards, operational interfaces, and workflow systems improving usability, hierarchy, and customer interaction clarity.
 - Conducted stakeholder interviews and workflow sessions identifying customer behaviors, operational goals, and friction informing UX solutions.
 - Built high-fidelity interfaces, reusable components, scalable layouts, and design systems supporting workflow consistency and rapid implementation.
 - Created PRDs, UX documentation, QA checklists, interaction patterns, and implementation guidelines reducing engineering ambiguity.
 - Collaborated with cross-functional teams refining user flows, operational workflows, and scalable product experiences across enterprise platforms.
- Phoenixzone Technologies Pvt. Ltd | Junior Product Designer** | Pune, India **Jan 2024 – June 2024**
- Designed 20+ responsive web and mobile product flows improving navigation clarity, workflow efficiency, and customer engagement.
 - Created wireframes, prototypes, operational workflows, and interaction concepts supporting scalable UX systems and rapid product iteration.
 - Partnered directly with developers refining implementation feasibility, responsive behaviors, and interaction workflows across platforms.
 - Leveraged AI-assisted prototyping workflows accelerating rapid design exploration, feature validation, and scalable product delivery

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
 - Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
 - User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
 - Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
- Copyright:** Earthquake Prediction using Quantum Support Vector Machines (QSVM) - January 2024
