PROFESSIONAL SUMMARY

Graphic/Product Designer with 2+ years of experience designing **retail merchandise**, branded visual systems, and consumer-facing product experiences across physical and digital platforms. Skilled in **repeat pattern creation**, product visualization, **production artwork**, and translating artistic concepts into **production-ready retail products** and presentation assets. Experienced collaborating with business owners, marketing teams, and cross-functional stakeholders to improve visual consistency, product workflows, and presentation quality across multiple client programs. Strong expertise in **Adobe Illustrator**, **Photoshop**, color systems, packaging layouts, production files, and presentation-ready design assets supporting scalable retail merchandise development.

SKILLS

- **Graphic & Product Design:** Product design, graphic design, retail merchandise, branded products, museum gift products, visual storytelling
- **Adobe Creative Suite:** Adobe Illustrator, Photoshop, Adobe Creative Suite, digital artwork, presentation assets, production workflows
- **Pattern & Surface Design:** Repeat patterns, surface graphics, textile-inspired layouts, artwork adaptation, decorative product systems
- **Color & Production Systems:** Pantone color guides, color matching, lab dips, production samples, visual consistency, print workflows
- **Production & Tech Packs:** Tech packs, production files, overseas factory coordination, print specifications, manufacturing support
- **Retail Merchandise Design:** Gift products, private label products, branded merchandise, promotional products, consumer-facing visuals
- **Presentation & Client Artwork:** Client presentations, presentation layouts, mockups, visual hierarchy, branded presentation systems
- **Packaging & Visual Assets:** Packaging concepts, production-ready artwork, visual branding, scalable product graphics, retail packaging
- **Cross-Functional Collaboration:** Stakeholder communication, brainstorming sessions, business collaboration, multi-client coordination
- **Creative Problem Solving:** Concept development, ideation, visual refinement, scalable workflows, artistic interpretation, design iteration
- **Organization & Workflow Management:** Multi-tasking, workflow prioritization, detail-oriented execution, project coordination, design operations
- **Visual Communication & Branding:** Typography, composition, layout systems, visual consistency, customer-facing branding, presentation quality
- **3D & Visualization Tools:** 3D CAD concepts, visualization systems, rendering awareness, scalable design workflows, digital mockups
- **Product Development Support:** Production reviews, sample evaluation, implementation adjustments, quality validation, workflow consistency

EXPERIENCE

CX by Design | Graphic/Product Design Intern | New York, NY

Sept 2025 – Dec 2025

- Designed branded retail concepts and consumer-facing visual systems improving presentation quality and product consistency across projects.
- Created repeat patterns, production-ready artwork, and scalable presentation assets translating artistic concepts into market-ready products.
- Developed tech packs, production layouts, and visual specifications supporting manufacturing coordination and implementation workflows.
- Collaborated with business stakeholders and cross-functional teams refining product direction, presentation systems, and creative workflows.
- Prepared client presentation materials, mockups, and visual assets improving communication clarity and product storytelling.
- Reviewed production samples, artwork consistency, and visual refinements supporting scalable product delivery and quality validation.

MyRentalSpot | UI/UX System Design Intern | Orinda, CA

Aug 2025 – Sept 2025

- Redesigned branded visual assets and digital product experiences improving usability, engagement, and visual consistency across platforms.
- Built high-fidelity Illustrator and Photoshop mockups validating artwork scalability, layout systems, and production workflows before launch.
- Conducted visual reviews and design refinements reducing inconsistencies across customer-facing materials and branded deliverables.
- Collaborated with cross-functional teams delivering production-ready assets, visual specifications, and presentation systems supporting deployment readiness.
- Contributed scalable graphics, reusable layouts, and presentation assets supporting cohesive product experiences across projects.

NYC Design Factory | Design and Innovation Volunteer | New York, NY

Jan 2025 – Present

- Facilitated brainstorming workshops and collaborative design sessions supporting innovative retail concepts and branded product experiences.
- Developed visual systems, presentation concepts, and scalable design assets translating artistic ideas into consumer-focused experiences.
- Collaborated with cross-functional teams aligning branding goals, visual direction, and product presentation systems across initiatives.

Lighthouse Info System Pvt. Ltd | Associate Systems Designer | Nagpur, India

June 2024 – Aug 2024

- Designed branded dashboards, visual assets, and presentation systems improving hierarchy, visual consistency, and customer engagement.
- Conducted stakeholder discussions and creative reviews identifying product opportunities and design refinements supporting scalable workflows.
- Built high-fidelity graphics, reusable layouts, scalable visual systems, and production-ready artwork supporting implementation consistency.
- Created production documentation, presentation materials, visual guidelines, and artwork refinements reducing inconsistencies across deliverables.
- Collaborated with cross-functional teams refining branded merchandise systems, visual assets, and scalable product experiences across projects.

Phoenixzone Technologies Pvt. Ltd | Junior Systems Designer | Pune, India

Jan 2024 – June 2024

- Designed 20+ branded product experiences and retail-focused visual systems improving presentation clarity and customer interaction quality.
- Created mockups, repeat pattern concepts, production-ready graphics, and scalable artwork systems supporting rapid product development.
- Partnered directly with developers and stakeholders refining implementation feasibility, production workflows, and scalable design execution.
- Leveraged AI-assisted design workflows accelerating rapid concept exploration, artwork refinement, and scalable product validation

EDUCATION

Pace University, New York | MS in Human Centered Design

Sept 2024 – Dec 2025

G.H. Rasoni College of Engineering | Bachelor of Engineering in Computer Science

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
