PROFESSIONAL SUMMARY

UI/UX Designer with 2+ years of experience designing **responsive web applications**, intuitive user interfaces, and **customer-centered digital experiences** across modern platforms. Skilled in **wireframing**, **interactive prototyping**, **usability testing**, workflow mapping, and translating user behaviors into visually engaging and scalable user experiences. Experienced collaborating with product managers, developers, and cross-functional teams to improve usability, interface consistency, visual hierarchy, and customer interaction flows. Strong expertise in **Figma**, **design systems**, component libraries, **visual design**, Adobe Creative Suite, UX research, and implementation-ready design documentation supporting scalable digital products.

SKILLS

- **UI/UX Design & Research:** UI design, UX design, user research, customer journeys, usability testing, research synthesis, user-centered design
- **Wireframing & Prototyping:** Wireframes, mockups, interactive prototypes, workflow mapping, interface design, user flows, prototyping
- **Figma & Design Systems:** Figma, auto layout, components, variants, design systems, component libraries, UI specifications
- **Visual Design & Branding:** Typography, hierarchy, spacing, visual consistency, visual design, branding, interface aesthetics
- **User Experience Optimization:** Workflow optimization, interaction design, navigation clarity, usability improvements, customer interaction flows
- **Research & Testing:** Qualitative insights, usability testing, workflow analysis, iterative UX improvements, prototype validation, accessibility
- **Cross-Functional Collaboration:** Product managers, developers, stakeholder communication, design critiques, implementation support, collaboration
- **Responsive Web Design:** Responsive layouts, mobile-first design, scalable interfaces, responsive behaviors, cross-platform experiences
- **Adobe Creative Suite:** Adobe Photoshop, Illustrator, Adobe XD, visual assets, production-ready graphics, interface presentations
- **Documentation & Handoff:** UX documentation, annotated specifications, interface mappings, developer handoff, workflow artifacts
- **Design Systems & Components:** Reusable components, scalable UI systems, interaction patterns, interface consistency, design governance
- **Creative Problem Solving:** Ideation, customer-focused thinking, workflow solutions, scalable UX systems, design thinking, rapid iteration
- **Product Experience Design:** End-to-end user experiences, customer workflows, interface consistency, interaction flows, usability optimization
- **Interaction & Information Architecture:** Information architecture, interaction design, edge cases, navigation systems, workflow efficiency

EXPERIENCE

CX by Design | *UI/UX Design Intern* | New York, NY

Sept 2025 – Dec 2025

- Designed responsive web applications and intuitive digital experiences improving usability and workflow clarity across customer-facing platforms.
- Built wireframes, user flows, mockups, and high-fidelity Figma prototypes translating customer needs into scalable user-centered interfaces.
- Created reusable Figma components, scalable design systems, and component libraries supporting consistent end-to-end product experiences.
- Collaborated with product managers, developers, and cross-functional teams refining workflows, interaction patterns, and responsive behaviors.
- Conducted usability testing, workflow analysis, and UX research synthesis identifying friction points and improving customer task completion.
- Produced annotated specifications, developer handoff documentation, and implementation-ready assets supporting scalable product delivery.

MyRentalSpot | *UI/UX Design Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Redesigned onboarding workflows and responsive product experiences improving usability across customer-facing digital platforms.
- Built high-fidelity Figma and Framer prototypes validating interaction states, workflow scalability, and interface consistency before development.
- Conducted usability testing and synthesized qualitative findings into actionable UX improvements reducing friction across end-to-end user journeys.
- Collaborated with engineering teams delivering UI specifications, responsive layouts, accessibility reviews, and QA documentation improving implementation readiness.
- Contributed reusable Figma components, scalable interaction patterns, and visual consistency supporting responsive product experiences.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Present

- Facilitated workshops, journey mapping sessions, and rapid ideation exercises supporting customer-centered product experiences and workflows.
- Developed wireframes, prototypes, interaction models, and UX concepts translating business challenges into scalable workflow solutions.
- Collaborated with cross-functional teams aligning user needs, workflow goals, and interaction patterns across product experiences.

Lighthouse Info System Pvt. Ltd | *Associate UI/UX Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed responsive dashboards, operational interfaces, and enterprise workflows improving usability, hierarchy, and customer interaction clarity.
- Conducted stakeholder interviews and workflow sessions identifying user behaviors, operational requirements, and friction informing UX solutions.
- Built high-fidelity interfaces, reusable components, scalable layouts, and design system patterns supporting enterprise workflow consistency.
- Created UX documentation, QA checklists, interaction patterns, and implementation guidelines reducing inconsistencies and engineering ambiguity.
- Collaborated with cross-functional teams refining user flows, interface consistency, and end-to-end workflow experiences across enterprise platforms.

Phoenixzone Technologies Pvt. Ltd | *Junior UI/UX Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive web and mobile product flows improving navigation clarity, workflow efficiency, and usability across digital platforms.
- Created wireframes, prototypes, operational interfaces, and interaction states focused on scalable UX systems and customer usability optimization.
- Partnered directly with developers during sprint cycles refining implementation feasibility, responsive behaviors, and workflow interactions.
- Leveraged AI-assisted prototyping workflows accelerating rapid UX iteration, interface exploration, and scalable design validation.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

G.H. Rasoni College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2024 – Dec 2025

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
