- **Layout Design & Composition:** Layout design, visual hierarchy, composition, typography, design consistency, readability, content organization
- **Branding & Identity Design:** Brand identity, visual standards, logo systems, cohesive brand experiences, recognition, brand positioning
- **Product Design Concepts:** Product concepts, creative ideation, design exploration, concept visualization, innovation, product development
- **Packaging & Promotional Design:** Packaging graphics, product presentation, promotional assets, customer engagement, visual merchandising
- **Client Collaboration & Communication:** Client requirements, stakeholder collaboration, design presentations, feedback integration, relationship management
- **Creative Problem Solving:** Design thinking, visual solutions, artistic interpretation, creative execution, innovation, strategic thinking
- **Production-Ready Design Files:** Print-ready artwork, design specifications, production preparation, quality assurance, file optimization
- **Project Management & Execution:** Independent execution, deadline management, multitasking, workflow coordination, organization, project delivery

EXPERIENCE

CX by Design | Graphic Designer Intern | New York, NY

Sept 2025 – Dec 2025

- Created custom graphics and branded visual assets improving engagement, brand visibility, visual consistency, and customer satisfaction.
- Translated client goals, creative requirements, and design concepts into production-ready artwork and visual design solutions.
- Created original illustrations, custom patterns, logo treatments, and marketing assets supporting implementation quality.
- Applied typography, composition, hierarchy, and branding principles improving readability, recognition, user engagement, and appeal.
- Collaborated with stakeholders and clients refining visual concepts, artwork execution, implementation priorities, and design quality.
- Contributed scalable design standards, creative workflows, and high-quality visual assets supporting business growth objectives.

MyRentalSpot | Graphic Designer Intern | Orinda, CA

Aug 2025 – Sept 2025

- Developed branded graphics and marketing materials improving customer engagement, visual consistency, communication effectiveness, and usability.
- Built promotional assets, logo concepts, visual mockups, and scalable design systems supporting business goals and brand objectives.
- Conducted design reviews, stakeholder feedback analysis, and creative refinements improving engagement outcomes, clarity, and quality.
- Collaborated with stakeholders delivering production-ready artwork aligned with project requirements and marketing priorities.

NYC Design Factory | Design and Innovation Volunteer | New York, NY

Jan 2025 – Dec 2025

- Facilitated collaborative workshops and ideation sessions supporting innovative visual experiences, service improvements, and customer solutions.
- Developed visual communication assets, creative concepts, and design explorations translating ideas into actionable outcomes.

Lighthouse Info System Pvt. Ltd | Associate Graphic Designer | Nagpur, India

June 2024 – Aug 2024

- Designed graphics, dashboards, and branded visual experiences improving communication quality, customer engagement, and accessibility.
- Conducted stakeholder discussions, design evaluations, creative analyses, and visual reviews identifying optimization opportunities.
- Built reusable layouts, graphic systems, marketing assets, and production-ready artwork supporting consistency and maintainability.
- Created style guides, design documentation, QA processes, and visual standards improving quality across digital and print materials.

Phoenixzone Technologies Pvt. Ltd | Graphic Designer | Pune, India

Jan 2024 – June 2024

- Designed 20+ custom graphics and customer-focused visual experiences improving engagement, visual performance, and satisfaction.
- Created illustrations, logo concepts, marketing materials, branded assets, and visual systems supporting rapid project delivery.
- Partnered directly with stakeholders translating business requirements into scalable design solutions and impactful customer experiences.
- Leveraged AI-assisted workflows accelerating design exploration, iteration cycles, implementation efficiency, and project execution quality.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Raison College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

FEATURED PROJECTS

Claudit – AI-Powered Design Auditing Platform | (Ongoing)

- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
- Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
- Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.

Author | (Ongoing)

- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
- Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.
- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
