PROFESSIONAL SUMMARY

Graphic Designer / Web Designer with 3+ years of experience creating **conversion-focused digital experiences, responsive websites, landing pages**, and branded marketing assets across fast-paced business environments. Skilled in **UX/UI design**, landing page optimization, wireframing, prototyping, digital advertising design, and transforming campaign objectives into engaging user experiences improving conversions, engagement, and brand visibility. Experienced collaborating with marketing teams, developers, and stakeholders to deliver high-performing digital experiences aligned with customer behavior, campaign goals, and business growth objectives. Strong expertise in **Figma, Adobe Creative Suite, HTML, CSS**, responsive web design, design systems, conversion optimization, SEO-friendly design practices, digital advertising creatives, and scalable web experiences.

SKILLS

- **Graphic Design & Digital Marketing:** Marketing graphics, branded visuals, promotional assets, banners, campaign creative, visual communication
- **Web Design & UX/UI Design:** UX/UI design, website design, user experience, interface design, customer engagement, usability optimization
- **Landing Page Design & Optimization:** Landing pages, conversion optimization, campaign experiences, lead generation, user acquisition
- **Figma & Product Design Tools:** Figma, wireframing, mockups, prototypes, user flows, high-fidelity design execution
- **Adobe Creative Suite:** Photoshop, Illustrator, InDesign, visual design, creative production, digital asset development
- **Responsive Web Design:** Responsive layouts, mobile-first design, cross-device experiences, accessibility, interaction consistency
- **HTML & CSS Development:** HTML, CSS, frontend styling, design implementation, responsive interfaces, website enhancements
- **Digital Advertisement Design:** Google Ads, Meta campaigns, display advertising, email marketing visuals, social media creatives
- **Branding & Visual Systems:** Brand guidelines, visual consistency, design systems, cohesive experiences, style standards
- **Conversion-Focused Design:** User behavior analysis, campaign goals, conversion improvements, engagement optimization, performance-driven design
- **Design Systems & Developer Handoff:** Design systems, reusable components, developer-ready files, implementation support, UI consistency
- **Website Performance & SEO:** SEO-friendly design, content structure, website optimization, performance improvements, search visibility
- **Cross-Functional Collaboration:** Marketing teams, developers, stakeholders, project collaboration, design reviews, communication
- **Project Management & Execution:** Multi-project management, deadline execution, workflow coordination, quality assurance, organization
- **Creative Problem Solving:** Design thinking, visual storytelling, innovative solutions, customer-focused design, continuous improvement

EXPERIENCE

- CX by Design | Web Designer Intern** | New York, NY **Sept 2025 – Dec 2025**
- Designed conversion-focused websites, landing pages, and branded digital experiences improving engagement, usability, and campaign performance.
 - Translated marketing objectives into responsive web interfaces, user flows, wireframes, prototypes, and production-ready design solutions.
 - Created reusable design systems, branded assets, promotional graphics, and developer-ready files supporting consistency across campaigns.
 - Optimized website experiences through usability improvements, responsive design enhancements, and customer behavior-driven refinements.
 - Collaborated with marketing teams, developers, and stakeholders improving website performance, user engagement, and conversion outcomes.
 - Contributed AI-assisted workflows, scalable design standards, and digital asset libraries accelerating delivery quality and efficiency.
- MyRentalSpot | Graphic & Web Designer Intern** | Orinda, CA **Aug 2025 – Sept 2025**
- Developed responsive website experiences improving onboarding efficiency, customer engagement, and interaction consistency across platforms.
 - Built high-fidelity Figma prototypes, landing pages, wireframes, and scalable interface systems supporting campaign objectives.
 - Conducted usability evaluations, customer behavior analysis, and design refinements improving accessibility and experience quality.
 - Collaborated with developers and stakeholders delivering implementation-ready designs aligned with business and marketing goals.
 - Supported rapid design iterations, website enhancements, performance improvements, and deployment activities improving digital outcomes.
- NYC Design Factory | Design and Innovation Volunteer** | New York, NY **Jan 2025 – Dec 2025**
- Facilitated collaborative workshops and ideation sessions supporting innovative digital campaigns and customer-focused experiences.
 - Developed visual communication assets, branded concepts, and presentation materials translating ideas into impactful outcomes.
 - Collaborated with multidisciplinary teams aligning customer journeys, campaign goals, and design innovation initiatives.
- Lighthouse Info System Pvt. Ltd | Associate Web Designer** | Nagpur, India **June 2024 – Aug 2024**
- Designed responsive websites, dashboards, and branded digital experiences improving usability, communication quality, and engagement.
 - Conducted stakeholder discussions, usability evaluations, workflow analyses, and design reviews identifying opportunities for optimization.
 - Built reusable layouts, landing pages, design systems, wireframes, and prototype-ready assets supporting implementation consistency.
 - Created style guides, visual standards, marketing assets, and design documentation reducing inconsistencies across digital channels.
 - Collaborated with engineering teams refining front-end experiences, accessibility workflows, and scalable website solutions.
- Phoenixzone Technologies Pvt. Ltd | Junior Web Designer** | Pune, India **Jan 2024 – June 2024**
- Designed 20+ responsive websites, landing pages, and digital marketing experiences improving engagement and conversion performance.
 - Created wireframes, prototypes, advertising creatives, web layouts, and branded visual assets supporting rapid project delivery.
 - Partnered directly with stakeholders translating campaign requirements into scalable web solutions and marketing experiences.
 - Leveraged AI-assisted workflows accelerating design iteration, creative production, optimization efforts, and implementation efficiency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*
G.H. Raison College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2024 – Dec 2025
Sept 2020 – June 2024

FEATURED PROJECTS

- Claudit – AI-Powered Design Auditing Platform** | (Ongoing)
- Designed an AI-assisted SaaS platform that transforms interface screenshots into structured UX evaluations and actionable recommendations.
 - Leveraged AI-powered workflows to improve design analysis, accessibility reviews, cognitive load assessments, and usability evaluation processes.
 - Built reusable design systems, dashboard experiences, and scalable component frameworks supporting rapid product iteration.
- Author** | (Ongoing)
- Writing a book that explores the intersection of design, creativity, human emotion, and perception through a human-centered lens.
 - Examines how everyday experiences, environments, relationships, and moments are intentionally or unintentionally designed, revealing the impact of design on human behavior and meaning-making.

- Integrates storytelling, psychology, observation, and design thinking to translate complex human experiences into compelling narratives and insights.

BreathFree | Quit Smoking & Behavioral Health App

- Designed a mobile wellness platform helping users quit smoking through personalized challenges, progress tracking, and behavior-change interventions.
- Conducted user research and usability testing to create engaging, supportive user journeys.

eBay UX Research Case Study

- Led UX research with 50 participants using Tree Testing and First-Click Testing to evaluate navigation and information architecture.
- Synthesized findings into actionable recommendations that improved task success and user experience.

Therapod | AR Wellness Experience

- Designed an AR-powered wellness solution focused on stress reduction, emotional regulation, and user well-being.
- Created intuitive user flows, onboarding experiences, and personalized wellness interactions.

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
