PROFESSIONAL SUMMARY

UX/UI Designer and Product Designer with 2+ years of experience creating **conversion-focused digital experiences**, **experimentation-ready interfaces**, and scalable production design systems across CRO, ecommerce, fintech, and technology-focused environments. Skilled at translating written briefs, hypotheses, and growth strategies into polished, **high-fidelity mockups**, **landing pages**, email templates, paid media assets, and responsive digital experiences optimized for experimentation, engagement, and measurable business outcomes. Strong background in **Figma**, **Framer**, AI-assisted workflows, **A/B testing**, responsive UI systems, conversion-focused UX, developer-ready production handoffs, and scalable component libraries. Experienced collaborating closely with strategists, engineers, analysts, marketers, and cross-functional stakeholders to deliver test-ready designs, **rapid experimentation cycles**, and performance-driven digital experiences across web, lifecycle marketing, and paid media channels.

SKILLS

- **CRO & Experimentation Design:** A/B testing workflows, experimentation design, Optimizely familiarity, VWO familiarity, conversion-focused UX, growth experimentation
- **Landing Pages & Funnels:** Landing pages, ecommerce flows, funnel optimization, product pages, experiment variations, campaign experiences
- **Production Design & Execution:** High-fidelity mockups, production-ready assets, pixel-perfect UI, scalable systems, rapid iteration workflows
- **Figma & Design Systems:** Figma, auto-layout, reusable components, scalable libraries, design tokens, developer handoffs, naming conventions
- **AI-Assisted Design Workflows:** Claude, Cursor, ChatGPT, Figma AI, AI-assisted ideation, AI-supported iteration, rapid production acceleration
- **Responsive UI/UX Design:** Mobile-first interfaces, responsive layouts, usability optimization, accessibility-focused interaction systems
- **Email & Lifecycle Marketing:** Email templates, SMS campaign design, Klaviyo familiarity, Braze familiarity, Iterable familiarity
- **Paid Media & Creative Assets:** Meta ad creatives, Google campaign assets, LinkedIn ad formats, performance-focused campaign visuals
- **Analytics & Optimization:** GA4 familiarity, heatmap analysis, performance-informed iteration, experiment insights, conversion optimization
- **Frontend & Implementation Familiarity:** HTML/CSS familiarity, front-end collaboration, implementation QA, developer-ready workflows
- **Motion & Interactive Systems:** Motion graphics, micro-interactions, interaction behaviors, animation systems, responsive motion patterns
- **Collaboration & Communication:** Cross-functional collaboration, stakeholder communication, proactive feedback loops, production coordination
- **Project & Workflow Management:** Multi-client delivery, project management, deadline-driven execution, scalable workflow organization
- **Brand Systems & Scalability:** Brand consistency, reusable templates, component governance, scalable visual systems, production efficiency
- **Accessibility & UX Standards:** WCAG fundamentals, accessibility-focused design, usability consistency, responsive visual QA
- **Growth Marketing & Experimentation:** CRO agency workflows, experimentation cycles, lifecycle marketing, paid media, deliverables
- **Developer Handoff & QA:** Annotated specifications, production handoffs, implementation alignment, visual QA, scalable developer collaboration

EXPERIENCE

CX by Design | *UI/UX Designer Intern* | New York, NY

Sept 2025 – Dec 2025

- Designed and launched 5+ experiment-ready landing pages, funnels, and scalable UI systems improving usability and engagement.
- Translated written briefs, hypotheses, and growth-focused requirements into high-fidelity mockups, test-ready interfaces, and digital assets.
- Built reusable Figma systems, scalable components, annotated handoffs, and production workflows supporting rapid experimentation cycles.
- Used AI-assisted workflows including Claude, Cursor, ChatGPT, and Figma AI to accelerate iteration, prototype generation, and layout refinement.
- Collaborated closely with strategists, engineers, analysts, and marketers to improve UX decisions, implementation quality, and visual consistency.
- Supported rapid A/B testing cycles through performance-informed iteration, usability validation, and production design execution.

MyRentalSpot | *UI/UX Designer Intern* | Orinda, CA

Aug 2025 – Sept 2025

- Designed responsive digital experiences, scalable interaction workflows, and high-fidelity prototypes improving usability and customer engagement.
- Built Framer prototypes validating responsive layouts, conversion-focused interaction systems, and implementation-ready user flows.
- Collaborated with developers and stakeholders to refine accessibility-focused interfaces, navigation clarity, and responsive production workflows.

NYC Design Factory | *Design and Innovation Volunteer* | New York, NY

Jan 2025 – Present

- Facilitated collaborative workshops, rapid ideation sessions, and storytelling initiatives supporting audience-focused digital experiences.
- Developed presentation-ready visuals, scalable communication systems, and polished creative assets optimized for engagement and clarity.

Lighthouse Info System Pvt. Ltd | *UI/UX Designer* | Nagpur, India

June 2024 – Aug 2024

- Designed scalable dashboard experiences, responsive web workflows, and conversion-focused interfaces optimized for usability and visual consistency.
- Created reusable design systems, implementation-ready UI assets, and scalable templates supporting developer collaboration and production efficiency.
- Collaborated cross-functionally with developers and stakeholders to improve interaction quality, implementation accuracy, and visual QA consistency.

Phoenixzone Technologies Pvt. Ltd | *Junior UI/UX Designer* | Pune, India

Jan 2024 – June 2024

- Designed 20+ responsive landing page concepts, paid media assets, and motion-enhanced digital experiences across web and marketing platforms.
- Built high-fidelity visual concepts and scalable UI systems using Figma, Framer, HTML/CSS, Photoshop, Illustrator, After Effects, and Canva.
- Defined motion systems, typography treatments, and interaction behaviors improving engagement, visual hierarchy, and brand consistency.

EDUCATION

Pace University, New York | *MS in Human Centered Design*

Sept 2024 – Dec 2025

G.H. Raison College of Engineering | *Bachelor of Engineering in Computer Science*

Sept 2020 – June 2024

ACHIEVEMENTS & PUBLICATIONS

Research Papers:

- Design Meets Code: Real-Time Human - AI Co-Creation and Cognitive-Load-Aware Design Assistance, Accepted Poster - HCI International Conference (HCII 2026) | Springer CCIS
- Impact of Colors in Designing, published in the International Journal of Engineering, Management and Humanities (IJEMH)
- User Interface, User Experience, and Layout, published in the International Journal for Multidisciplinary Research (IJFMR)
- Enhancing Patient Privacy in Electronic Medical Records, published in the International Journal of Science and Research (IJSR)
